2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

Since opening in 1997, the Watts Learning Center (WLC) has steadily pursued its mission to provide a World-Class Education for inner-city students in an elementary school that also serves as a Learning Center for the community. The charter school’s aim is to create a culture of learning; where all stakeholders— students, parents, guardians, faculty, and staff—play a role. The goal is to endow the community with self- assurance and academic achievement as a foundation for success in high school, college, and life.

A key focus of English Language Arts instruction is to improve student reading for understanding grounded in text- based analysis and interpretation. Indicators of this instruction include repeated reading, student marking of text, and student-student elaborated discourse based upon analysis and interpretation of text(s), in which students can identify and infer meanings, intent and purposes, structure of text and intended and unintended implications. A goal is to develop a shared approach to teaching (emphasis on reading/literacy), that results in identification of high leverage literacy practices that improves outcomes for struggling learners and all students with verifiable evidence.

Watts Learning Center produces 21st Century Learners by providing all students in Gr. K-5 with a well-rounded educational program. Our school currently serves 410 students comprised of 49% Hispanic and 49% African American, of which 24% are English Language Learners, 6% Students with Disabilities and 95% qualify for free/reduced lunch.

Watts Learning Center teachers and staff continue to be dedicated to student achievement and the vehicle to ensure that our students become agents of social change, thus contributing members to society. At Watts Learning Center every student is known, valued, and respected.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

Watts Learning Center – Elementary School is deeply committed to improve student academic outcomes and hold all adults at the school accountable for improving student academic outcomes.

Our newly revised LCAP goals are as follows:

- **GOAL 1: Use student/schoolwide data from assessments to inform decisions regarding instructional practices and Implement research-based intervention programs and practices for all students to improve student achievement and increase student access to rigor and provide relevant learning experiences.**
- **GOAL 2: Provide all students with high quality instruction using rigorous Common Core standards aligned curriculum that includes writing across the curriculum, and relevant learning experiences that elicits academic discourse and encourages student engagement.**
- **GOAL #3: Improve student academic outcomes by effectively collaborating with parents, families and community partners to support student learning and achievement.**

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

Watts Learning Center – Elementary School is proud of its “green” performance level for the English Learner Progress State Indicator. Our teachers received extensive professional development on the ELD standards, were provided with resources for ELD instruction with the Journey’s curriculum. This year, our teachers developed pacing guides for the ELD standards. There was also a schoolwide focus on the speaking and listening standards. In addition, many members of our school staff and teacher are bilingual.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

Watts Learning Center – Elementary School earned an “orange” performance level for the Suspension Rate State Indicator. As a result, our school has strengthened its PBIS program, trained the entire staff on PBIS, implemented Playworks cooperative play skills, and provided students with enrichment opportunities/alternatives that support positive/productive behavior. Our school has also trained Para-professionals/teachers in Council.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

Watts Learning Center – Elementary School does not have any state indicators, which meet this criteria.

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The actions and services were implemented with fidelity.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions were effective in meeting Goal #1.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The material differences between Budgeted Expenditure and Estimated Actual Expenditures are as follows:
- Action 1: the costs for staffing, instructional and curricular materials far exceeded budgeted expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Based on an analysis of school and student achievement data, feedback from stakeholders, survey findings and LCFF Evaluation Rubrics, this goal, expected Annual Measurable outcomes, and actions and services will be revised to align to the school's mission, 8 State Priorities, LCAP requirements and CA Dashboard.

mastery, in order to narrow any achievement gaps.

The School Director will provide our teachers with instructional coaching, through classroom observations, and feedback, that will be ongoing throughout the school year. Students who struggle academically will receive academic support from the **Intervention Teacher**, and/or the **Instructional Aides (12)**, during the instructional day. Students in grades 4-5 are taught Cornell note taking skills.

Our students will have access to the following academic intervention web-based programs that will be used during the instructional day and the intervention block.

- **Learning A-Z/Reading A-Z, Raz Kids (subscription)**
- **Zingy Science (subscription)**
- **Brain Pop (subscription)**
- **Measuring Up (subscription):**
ELA/Math

Students who struggle academically will be referred to **after-school tutoring** led by **6 credentialed teachers**, 2 days/week for 2 hours over a 10-week block. This targeted intervention will be offered twice per year.

2019-20 Actions/Services

Our students will have access to our **after-school academic and social enrichment program (ASES)** contracted with STAR to provide literacy enrichment. An additional component to this program is offered to 60 additional students (Nira Long Program).

For students who are struggling academically, they will be referred to the **10-week Saturday School Program**, for students who struggle academically as identified using NWEA MAP results that meets for 4 hours. Saturday School Program will offer the 10-week program twice (Fall/Spring) led by 6 credentialed teachers. Students will be referred to this intervention program based on NWEA MAP results (students performing below 21st percentile), receiving 1 or 2 on their report cards in ELA or Math.

Mentoring Minds Program will provide supplemental ELA and math that includes performance tasks, asking for evidence and other skills.

In order to avoid the summer slide, WLC-ES will offer a **4-week intensive Summer School Program** in ELA, Math, led by **7 credentialed teachers**, and **(4) Instructional Assistant**, that will be based on findings from NWEA MAP, 3rd

services to meet the needs of our students including implementation of **Positive Behavior Intervention Support (PBIS)** through the **CHAMPS Program**, an alternatives to suspension to improve school climate, behavior, and reduce suspension rates.

The **Assistant Principal** will head the PBIS team and be in charge of discipline, and chronic absenteeism/attendance rates.

Our school will provide **counselor** onsite to provide social-emotional counseling and facilitate SE groups. Also, a **Behavioral Specialist Aide** who will work with select students 1:1 with significant behavioral issues.

Our school will continue to implement Playworks, a physical education program that teaches cooperative play, and will train teachers and Instructional Assistants. **Playworks (contracted services)** will also train a specific group of students to be “coaches” who will implement the components of this program during recess and lunch with their peers.

Our school will offer “**A Beautiful Me**” – girl’s self-actualization group (**contracted services**) for grades 4-5, that meets twice per week.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: **2018-19**

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$ 849,803

29.99%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

2018-19

Watts Learning Center

The following improved actions and services are principally directed towards unduplicated pupils and funded using Supplemental & Concentration Funds.

- Goal 1, Action 3: STAFFING, SUPPLEMENTAL CURRICULUM, & PROGRAMS TO PROVIDE ACADEMIC INTERVENTIONS:

The School Director will provide our teachers with instructional coaching, through classroom observations, and feedback, that will be ongoing throughout the school year. Students who struggle academically will receive academic support from the Intervention Teacher, and/or the Instructional Aides (12), during the instructional day. Students in grades 4-5 are taught Cornell note taking skills.

Our students will have access to the following academic intervention web-based programs that will be used during the instructional day and the intervention block: Learning A-Z/Reading A-Z, Raz Kids (subscription), Zingy Science (subscription); Brain Pop (subscription), Measuring Up (subscription): ELA/Math

Students who struggle academically will be referred to after-school tutoring led by 6 credentialed teachers, 2 days/week for 2 hours over a 10-week block. This targeted intervention will be offered twice per year.

Our students will have access to our after-school academic and social enrichment program (ASES) contracted with STAR to provide literacy enrichment. An additional component to this program is offered to 60 additional students (Nira Long Program).

For students who are struggling academically, they will be referred to the 10-week Saturday School Program, for students who struggle academically as identified using NWEA MAP results that meets for 4 hours. Saturday School Program will offer the 10-week program twice (Fall/Spring) led by 6 credentialed teachers. Students will be referred to this intervention program based on NWEA MAP results (students performing below 21st percentile), receiving 1 or 2 on their report cards in ELA or Math.

Mentoring Minds Program will provide supplemental ELA and math that includes performance tasks, asking for evidence and other skills.

In order to avoid the summer slide, WLC-ES will offer a 4-week intensive Summer School Program in ELA, Math, led by 7 credentialed teachers, and (4) Instructional Assistant, that will be based on findings from NWEA MAP, 3rd trimester academic grades, and teacher referral.

- Goal 1, Action 4: Course Access

All students will have access to the following electives and enrichment courses, beyond core subjects (ELA, Math, Science, History): Yoga, Recorder, Coding, Choir, and Physical Education with a Health & Nutrition component.

- Goal 1, Action 6: STAFFING, SUPPLEMENTAL CURRICULUM, & PROGRAMS THAT PROVIDE SOCIAL-EMOTIONAL/BEHAVIORAL SUPPORT/INTERVENTION: Upon a review and analysis of our school's student profile data, discussions with teachers, students and parents, our school has implemented a comprehensive suite of services to meet the needs of our students including implementation of Positive Behavior Intervention Support (PBIS) through the CHAMPS Program, an alternatives to suspension to improve school climate, behavior, and reduce suspension rates.

The Assistant Principal will head the PBIS team and be in charge of discipline, and chronic absenteeism/attendance rates.

Our school will provide counselor onsite to provide social-emotional counseling and facilitate SE groups. Also, a Behavioral Specialist Aide who will work with select students 1:1 with significant behavioral issues.

Our school will continue to implement Playworks, a physical education program that teaches cooperative play, and will train teachers and Instructional Assistants. Playworks (contracted services) will also train a specific group of students to be “coaches” who will implement the components of this program during recess and lunch with their peers.

Our school will offer “A Beautiful Me” – girl’s self-actualization group (contracted services) for grades 4-5, that meets twice per week.

- **Goal 2, Action 1:** Professional Development that will focus on GLAD Strategies, PBIS, Kagan Structures and Culturally Responsive Teaching.

- **Goal 2, Action 2:** Purchase of Imagine Learning ELD Curriculum

- **Goal 2, Action 4: Technology**

Watts Learning Center – Elementary School will expand and provide technology access for all students schoolwide. As a result, the following is list of technology devices for purchase but is not limited to: purchase of Chromebooks laptops to ensure 1:1 student to device ratio, equip the Student lab with desktop computers, charging carts and STEM Coding Kits.

- **Goal 2, Action 5: Student Engagement**

In order to academically challenge our unduplicated students, our school will develop and implement a GATE Program, led by the GATE coordinator. In addition, our students will participate in field trips (experiential learning opportunities) that extend beyond the classroom.

Goal 3, Action 1: School Climate & Safety

As a result of the location of our school, the community we serve, the increasing percentages of homelessness, and escalation of school shootings at the national level, it is critical that our school provide its students and staff with a safe learning and working environment. As such our school will employ yard supervision aides, purchase a subscription to the Raptor Visitor Management Software, to screen all visitors; purchase uniforms for staff and safety equipment to clearly differentiate between staff, and visitors.

- **Goal 3, Action 3:** OPPORTUNITIES PROVIDED TO SUPPORT PARENT ENGAGEMENT & PARTICIPATION:

Our school will hire a bilingual parent coordinator who will facilitate and/or lead the following: host Coffee Chats with the Director; host parent workshops; provide translation services; conduct parent outreach and student recruitment, ensure the school’s website is updated regularly. Our

staff will communicate with families using Parent Square, Class Dojo, and Power School Parent Portal; administer an annual Parent Survey' and host Parent/teacher conferences will take place 4 times/year.

2017-18

The LEA has 86 English Language Learners, 347 low-income students, and 1 foster youth students; with a total school, unduplicated enrollment of 367. Total funding for unduplicated pupils in 2017-2018 is \$727,441 and the proportionality percentage is 25.46. All "Additional Annual Actions" are targeted and provide an overview of the types of services and programs that these specific students will benefit from because of the additional/improved actions/services. Targeted subgroups will benefit from supplemental funding through:

- Professional Development for Teachers
- Supplemental materials and supplies
- Intervention materials to be used at the school site to address reading deficiencies
- Leveled libraries will be purchased with ELA reading interventions
- Substitute teachers for teacher release time and extra assignment hours as needed
- Materials required for ELA reading intervention
- Parent education
- Differentiated instruction to improve students' reading, math, and writing

Service to English Language Learners, Low Income, and Foster Youth students will increase in the LCAP year through a larger allocation in funding enabling the LEA to increase staff development, resources, and materials directly provided for the unduplicated students. Total funding for unduplicated students for the 2017- 2018 school year is \$727, 441 and the proportionality percentage is 27.75%. In addition, the LEA will be providing more services to all students due to the increase in base funding.
