Sudden cardiac arrest claims one child's life every hour of every day. Peyton Walker died at age 19 from sudden cardiac arrest. Now, her parents have founded the Peyton Walker Foundation that provides screenings for indicators of sudden cardiac arrest. We will be partnering with this Foundation to bring these screenings to Red Lion. More details will be forthcoming.

Independent Bowler

I have authorized our Athletic Director to petition the District III Bowling chairperson and request that we be permitted to admit a student to participate in the PIAA bowling league as an independent athlete. Our request has been approved. This arrangement does not obligate our school district to any financial

commitment. This opportunity is afforded to athletes who want to participate on sports teams that their home districts do not offer.

On the evening of January 10th, Mrs. Diorio provided mandated reporter training to 23 community members at St. Paul's in Red Lion. The local ministerium requested this training so members of the community can volunteer at the Lion's Den, an after-school program at Mazie Gable, or other programs throughout the District.

Mrs. Diorio's was informed that she has been selected to present at the 2019 Student Engagement Conference in Minneapolis, Minnesota in July. This is the 3rd National Student Engagement Conference, hosted by Check and Connect. Mrs. Diorio's proposal focuses on trauma responsiveness and mentorship within the senior high school.

Over the next decade, seven in 10 new jobs in Pennsylvania will require workers to use a computer and an estimated 300,000 STEM jobs will be available in the Commonwealth by 2026. To meet this projected demand, PAsmart has been launched, a new initiative to invest in the Commonwealth's existing and future workforce.

The Red Lion Area Junior and Senior High schools were awarded a competitive PAsmart grant, in the amount of \$35,000, to expand classroom instruction, professional development, and equipment in the fast-growing fields of science, technology, engineering and math, and computer science, as well as training for in-demand careers, emerging industries, and underserved populations.

Each January we take a few moments to thank our Board of School Directors who serve the students, staff, and community as unpaid volunteers. While we are unable to adequately express our appreciation for the time you invest in our school district, we do want to say thank you. As a small token of our appreciation and in recognition of your service, we will place a book in each of our school libraries. Each book was chosen based upon an interest of yours that we thought represented you. Thank you for your dedication and service.
