

March 2019 Parent Newsletter

The High School for Health Professions and Human Services

Principal, Robert Gentile

Dear Parents and Guardians,

It's that time of the year when we send home the Parent NYC School Survey. It is important that we have a high parent survey response rate, as this will ensure greater reliability and validity in the feedback we receive. Your opinion is very important to us and we appreciate your cooperation. Please take the time to complete the school survey and give to your child to return to school. When your child returns your survey back to our school, you will be entered into a raffle to win a one-hundred-dollar gift card.

We need your help and support! Please complete the survey! Your opinion matters.

If you have any questions or concerns, please feel to call or email me.

Sincerely,

Natasha Delgado

Parent Coordinator

Congratulations to the Medical Assisting Program!

Because of our excellent Medical Assisting Program, the New York State Education Department has approved our Career Technical Education program for the 2018-2019 year and remains in effect until June 30th, 2023. Congratulations to all the teachers and student for their excellence in the Medical Assisting Program.

Honorable Recognition

Congratulations!!! The High School for Health Professions and Human Services has earned the **College Board's AP Computer Science Female Diversity Award!** Our school has earned this award for attaining female student representation in AP Computer Science Principles for 2018.

This honor acknowledges the amazing work our school is doing to engage more female students in computer science. We will receive an official award certificate to celebrate this achievement very soon.

The College Board recognizes the importance of diversity in computer science. Our school's leadership in this area, will prepare our female students for the high-paying jobs of the future and give them the opportunity to help solve some of society's most challenging problems.
