***It's easy!*** Fill out in the privacy of your own home on a secure website, at your own pace. No more passing the old paper application from hand to hand. All information is secure and private!! Access the link at <https://www.lunchapplication.com/> The link is also provided on the Overton County Schools webpage.

*On-line applications can be processed within hours as opposed to paper applications taking weeks.*

### Some facts about lunch applications, paper or on-line:

- Only one application needed per household, not one per child.
- Filling out an application does not erase past debt.
- Applications must be filled out yearly! (each and every current school year)
- If income changes during the school year, and one believes they may then be qualified to receive free or reduced prices, you must fill out an application and this can be done any time during the current school year. Also, if one is receiving free or reduced prices and their income increases, one must full out another application indicating the income increase, which could result in a price change.
- "Free" or "Reduced" price status does not apply to a la carte items, or any "extra" items.
