

To ensure that the district is able to repair damaged Chromebooks and provide loaners at all times for students experiencing problems, Medical Lake School District requires a technology fee.

One form per student is required.

Name of Student:	Student ID:	Grade:
------------------	-------------	--------

MLSD technology fee covers the cost of any accidental damage to a student's school issued Chromebook according to the terms on the back side of this page. The technology fee does not cover intentional misuse, abuse or neglect by any household members.

Because we cannot repair the power adapter, students must always cover the cost of damage to, or loss of the power supply/cord.

Payment Selection:

The technology fee is \$25.00 per school year. This amount is reduced for students on free/reduced lunch. Please select your payment amount below

- Standard Payment:** \$25 full year. *No refunds will be given.*
- Free/Reduced Eligibility:** If a student is currently eligible for free/reduced lunch benefits the cost is \$10.00. Eligibility for this reduced price will be verified by November 1. If the student does not meet our criteria for a reduced fee, the additional \$15 will be assessed to the student's account. *No refunds will be given.*

Medical Lake School District
Technology Agreement | 2019-20 School Year

The educational program at your student's school includes a Chromebook that will be issued to your student for their use at school and home. We are very excited to be able to make these powerful tools available to our students. We also understand that both students and parents are concerned about keeping these tools secure and in good working order.

Like textbooks, team uniforms and other school property issued to your student, there is a responsibility to take appropriate care of these valuable resources. The Chromebook is no different, but it does represent an increased cost to the district and liability to students and parents. We know that loss and accidents will happen. District policies, regulations and practices require that a fee be levied to cover the repair or replacement cost of district property. With computing devices, like the Chromebooks, the cost of loss or damage can be significant.

The district includes the technology fee as a way for families to reduce the financial risk if a Chromebook is accidentally damaged, stolen, vandalized. Working as a team we can lessen the impact of an accident or theft.

COVERAGE AND BENEFIT: This fee covers the Chromebook loaned to the student against all accidental damage, theft, vandalism or loss for one (1) school year. This program does NOT cover damage or loss of the power cord, which we ask students to keep at home. This program does NOT cover intentional misuse, abuse or neglect by any household members. If the student did not exercise proper care and/or take appropriate precautions, as described in the student handbook, and this behavior resulted in damage to or loss of the equipment, the cost of the repair or replacement will be the responsibility of the student/parent.

The power supply is not covered. If the power supply is lost or damaged there is a \$15 replacement charge.

Upon paying the technology fee, if the Chromebook is accidentally damaged or vandalized, it will be repaired as shown in the table below.

Repair/Replacement Fees	First Claim	Second Claim	All Other
DAMAGE	None	None	Full cost of repair
THEFT (with Police Report)	None	None	Full Cost to Replace
LOST	Full Cost To Replace	Full Cost To Replace	Full Cost to Replace

THEFT: If the Chromebook is stolen, the Medical Lake School District will require that a police report be submitted. Fraudulent reporting of theft will be turned over to the police for investigation. A student making a false report will also be subject to disciplinary action.

LOSS: Upon payment, the student will be issued a replacement Chromebook. In the event that the lost Chromebook is recovered in working condition, the replacement cost previously paid by student/parent will be refunded. **Any Chromebook lost or stolen will be remotely disabled and all functionality removed until the Chromebook is returned.**

Students who withdraw or leave the Medical Lake School District and do not return the student issued Chromebook will be subject to a fine and possibly reported to the local law enforcement as having possession of a stolen device. The Chromebook will be remotely disabled and all functionality removed until the Chromebook is returned.
