Highly Recommended Classes

Taking a Foreign Language course in Jr. High is great preparation for high school Foreign Language courses. Studying at least 2 years of a Foreign Language in High School is recommended and often required by colleges and universities. If you are taking Spanish 1 this year, consider continuing it in 9th grade by taking Spanish 2.

9th Grade Elective Options

You will have the option to take any combination of full and half year elective classes that add up to 3.5 credits. Full year classes give 1.0 credit and half year classes give 0.5 credit. Look for classes that match your interests and will help you prepare for classes you hope to take in the future. Also, consider taking elective courses that will help you meet specific high school graduation requirements, such as PE Skills and Techniques 9. Online courses may be taken, but MUST be coordinated with the school counselor. Auditions for advanced Fine Arts courses are held in May.
