RE: Intradistrict transfers (transfers within Campbell Union High School District)

Our policy on intradistrict transfers allows your student to attend the high school where your student resides or you may request a transfer to one of our other schools. Transfers will be granted based on **school capacity**. If requests exceed a site's capacity, priority will go to siblings of current students and after that transfers will be granted should space become available. There is no need to call our office. You will be notified by U.S. mail should your student be granted the transfer.

If you apply, please note that the transfer request window is **December 1 through January 31 by 4:30 p.m.*** in the Campbell Union High School District Office. Notification of transfer results will be mailed to parent/legal guardian by the end of March. Do not call the District office until April 5th or later.

*Applications received after the cut off date will be reviewed weekly on a case by case basis.

Be advised that should your student be granted this transfer request, you will be solely responsible for transportation to and from this school site and that your student will maintain the requirements you initialed on the application. Should your student not maintain the requirements you initialed, the transfer may be revoked and your student will return to their resident school.

If you have further questions, please feel free to contact Student Services at 408 371-0960 extension 2076.
