

# LAMESA INDEPENDENT SCHOOL DISTRICT- ACCEPTABLE USE POLICY ELECTRONIC COMMUNICATION AND DATA MANAGEMENT

## **PHILOSOPHY AND PURPOSE**

*The District provides network and Internet access to electronic mail, databases, libraries, museums, and other information sources for the following limited purposes:*

1. Promote educational excellence in its schools by facilitating resource sharing, innovation, and communication.
2. Improve learning and reach the District's instructional goals.
3. Achieve effective and efficient CBC at the District and campus levels.
4. Comply with the Texas Education Agency's guidelines for technology in schools.

Any use of the District's electronic information systems and resources by authorized users must be in furtherance of these limited purposes and conform to the District's expectations for legal, efficient, and ethical use.

## **INTERNET SAFETY AND LIMITATIONS ON SITE ACCESS**

Recognizing that the Internet can give access to sites containing information that is obscene, child pornography, or harmful to minors or that would be otherwise inappropriate for distribution to students, unsuitable for use in the approved curriculum, or irrelevant to accomplishing the District's stated purposes for operating an Internet-accessible network, the District has installed technology protection measures to filter, screen, analyze, and block site content in an effort to make it more difficult for students or staff to gain access to such material through the District's network. Information about the District's filtering may be obtained at <http://www.n2h2.com/about/>.

*The Technology Director or designated campus administrators may disable technology protection measures during use by an adult to allow access to otherwise prohibited or blocked sites or information for bona fide research or other acceptable purposes under this policy.*

Nonetheless, the District makes no representation that it can control access to all Internet sites. Network users are responsible for their actions in accessing available resources and will be held accountable for receiving information that is inconsistent with the requirements for acceptable and unacceptable use of the network and Internet.

## **AUTHORIZED USERS**

The District permits individuals in the following categories to become authorized users of its computer network and/or have access to the Internet, subject to administrative regulations developed by the Technology Director and approved by the Superintendent.

1. Campus administrators and campus administrative support employees.
2. Central office administrators (department or division directors) and their administrative support employees.
3. Instructional personnel.
4. Instructional support and student services personnel, i.e., librarians, counselors, and school nurses.
5. Students in grades 6-12. Students in grades K-5 may have access through class accounts and regulations for those accounts.

To become an authorized user, a person must sign the User Agreement and return the form to the Technology Director or designee. Minor students applying for a user account must also return a signed Parent Agreement.

## GENERAL REQUIREMENTS FOR NETWORK AND INTERNET USE

Student and employee use of the District's computer network and/or access to the Internet must be in accordance with this policy. No account sharing will be permitted, and each authorized user is responsible for all activities, transmissions, or actions that occur under that account identifier.

Any user who identifies a security problem with the network must immediately notify the District Technology Director and may not communicate the problem to any other person.

## MONITORING USE

Use of a personal network account through the District's system is voluntary and constitutes a privilege provided by the District, not a right. All network usage is subject to monitoring, examination, and investigation by the system administrators without prior notice or the specific consent of the user. By signing the User Agreement, each authorized user acknowledges the possibility of such monitoring and consents to it.

Professional employees overseeing student instructional use of the District's computer network or access to the Internet will be vigilant in determining that students are using the District's system only in compliance with this policy to enhance student safety and security, particularly when students are using electronic mail, chat rooms authorized under this policy, and other forms of direct electronic communication.

SUSPENDING OR  
REVOKING  
PRIVILEGES

Access to the network, the Internet, or both may be suspended or revoked and user IDs deleted if a student or employee is determined to have violated this policy or the User Agreement each user signs as a condition for obtaining access to the District's network and/or the Internet.

Any user identified as a security risk or who has a history of violations with other computer systems will be denied access to the network. A user whose access has been suspended or revoked may request a conference with the principal and Technology Director to discuss the basis for that action and have an opportunity to respond. A decision by the Technology Director to suspend or revoke system privileges may be appealed to the Superintendent or the Board. System privileges are revoked during any appeal.

ACCEPTABLE USE

Any use described below is deemed "acceptable" and consistent with the User Agreement and this policy. The final decision regarding whether any given use of the network or Internet is acceptable lies with the Superintendent or designee, in consultation with the Technology Director.

1. Supports instructional purposes and goals.
2. Furthers the District's educational and administrative purposes, goals, and objectives.
3. Furthers research related to education and instruction.
4. Does not violate the student code of conduct or employee standards of conduct.
5. Is consistent with network rules established by the Technology Director.

UNACCEPTABLE  
USE

*Any of the following uses is deemed "unacceptable" and a violation of the User Agreement and this policy. The final decision regarding whether any given use of the network or Internet is unacceptable lies with the Superintendent or designee, in consultation with the Technology Director.*

1. Unauthorized use of copyrighted material, including violating District software licensing agreements. (See LISD Board Policy EFE)
2. Posting or distribution of threatening, racist, harassing, excessively violent, or obscene material.
3. Personal, political use to advocate for or against a candidate, office-holder, political party, or political position. Research or electronic communications

regarding political issues or candidates shall not be a violation when the activity is to fulfill an assignment for class credit.

4. Participating in chat rooms other than those sponsored and overseen by the District.
5. Tampering, i.e., accessing, reading, deleting, copying, or modifying, with the electronic mail of other users, regardless of where the message is displayed or stored.
6. "Hacking," i.e., attempting unauthorized access to any computer whether within the district's network or outside it.
7. Any use that would be unlawful under state or federal law.
8. Unauthorized disclosure, use, or distribution of personal identification information regarding students or employees.
9. Forgery of electronic mail messages or transmission of unsolicited junk e-mail chain messages.
10. Use that violates the student code of conduct or employee standards of conduct.
11. Use related to commercial activities or for commercial gain by a student or employee.
12. Advertisement for purchase or sale of a product.

**SERIOUS  
VIOLATIONS**

If the principal determines that a student's or employee's use of the system violates the student code of conduct or employee standards of conduct and that disciplinary action other than or in addition to suspension or revocation of system privileges is warranted, those disciplinary actions will be in accordance with the applicable policies.

**SYSTEM OR  
OTHER USER  
INTERFERENCE**

Users must not attempt to exceed, evade, or change established resource quotas, i.e., allocations of local hard drive storage space or network time. The District quotas are designed to ensure all users have a fair opportunity to access resources.

Vandalism and mischief are prohibited. Vandalism includes any attempt to harm or destroy another user's data on the network or on any network connected to the District's network and any deliberate creation or propagation of a computer virus(es). Mischief includes any interference with another user's work, such as attempts to delete, examine, copy, or modify data, files,

fields, or any other element of another user's information.

**DISCLAIMER**

The District makes no warranties of any kind, expressed or implied, for its network facilities and bears no liability for users' copyright violations; users' inappropriate or tortious use of the network system or resources; any damages incurred by users, including loss of data resulting from the action or inaction of any District employee or a user's errors or omissions; and phone charges, credit card charges, or any other charges incurred by users without prior District authorization and according to established purchasing procedures. The District specifically denies any responsibility for the accuracy, age-appropriateness, or quality of information obtained through its network facilities.

**INTELLECTUAL  
PROPERTY  
RIGHTS**

Students retain the copyright and all other intellectual property rights to works of any kind they create using the District's electronic information resources and system, including those created in fulfillment of course requirements or through participation in extracurricular activities.

The District is the copyright owner of any work created or developed by an employee within the scope of his or her employment, regardless of whether the work is prepared at school using school equipment or out of school using personally owned or other equipment.

District Network and Internet Resources**

The Lamesa ISD provides opportunities for students to have access through the Internet to electronic mail, databases, libraries, museums, and other information sources as part of its overall instructional program and for the purposes specified in the attached Network and Internet Use policy.

I have read the Electronic Communications System Acceptable Use Policy [CQ (LOCAL)] attached to this agreement and understand the conditions for use of the network and Internet resources provided by the Lamesa ISD for the purpose of promoting educational excellence and supporting instructional goals.

By my signature below, I consent to my child's having access to the Internet through the Lamesa ISD network and release the school district from any responsibility for information my child may obtain in the course of using the Internet.

Further I agree that any use of the network and Internet under my child's user ID or account must be consistent with that policy. I understand that district employees have the authority to and will monitor network usage, including electronic messages sent and received to ensure compliance with the policy, and by this Agreement consent to that access.

I understand that my child is responsible for any transactions that occur under his or her user ID or account, that any violation of that policy will be considered a violation of the Student Code of Conduct, and that my child may be denied access to the district's electronic resources in addition to any other disciplinary action.
