Preparing today's students for tomorrow's opportunities by providing an environment that fosters academic, social, and personal growth

WELCOME TITANS

Welcome to University High School, home of the "Titans." I hope you had a summer of fun and regeneration. Please look forward to having a great 2019-2020 school year.

We met our goals to become a "Pace Character Trait" school of distinction and we now have an Army Junior ROTC program at University High!

At University High School, we are preparing our students for career and college opportunities through our vast selection of courses, activities, groups and clubs.

Our Crimson Crew Students spend time working with our incoming 9th graders and provide support and peer mentorship throughout the year.

Our custodians and secretaries have worked extremely hard behind the scenes to get the building and the processes ready for an atmosphere that is conducive to learning.

I look forward to this year as a positive, productive time where our efforts to build a Purposeful Community will benefit our students and empower them to be contributing citizens in our society.

Keven Frandsen, Principal
