Any requirement by the bidder that certain weights, quantities, or other criteria must be met in order to qualify for bid pricing will result in the disqualification of the bid. Likewise, expiration dates or other constraints in conflict with bid requirements will result in disqualification.

3. **Product Standards:** Where a brand name or particular product is specified, bidder may offer an equivalent alternative. The offered alternate product will be evaluated for equivalency by District nutrition personnel. Such evaluation will be conducted in accordance with generally accepted practices under USDA guidelines, including but not limited to, (a) paper screening, (b) appearance screening, and (c) taste and nutrition screening. Alternate product submissions should include a full description of the alternate (including ingredients, if applicable), a Nutrition Facts label, and enough sample product to allow adequate testing and evaluation. Such sample package must be provided to the Nutrition Services office no fewer than ten (10) business days prior to the bid due date. Submittal of alternative products and acceptance of offered alternatives for testing shall not be construed by the bidder as approval of the alternative. Bidder will be notified in as timely a fashion as possible of the acceptance or refusal of the offered alternative. Failure to satisfy these requirements shall be sufficient cause for rejection of the offered alternative.
4. **Product Specification Sheets:** Bidders should return with their bid a Product Specification Sheet for each item bid upon. Specification sheets for perishable items must include a shelf life. These submittals should be in electronic format, on a thumb drive or similar storage medium; preferred electronic format is pdf, but bidder may use similar format at its own discretion.
5. **Product Formulation Sheets:** Bidders should return with their bid a Product Formulation Sheet for **Meat/Meat Alternative products** and **Grain products**, detailing the portion size and its creditable amount of the offered item necessary to meet nutrition requirements.
6. **Bid Results, Tabulation, and Award:** Bid tabulations and final award recommendations will be made available to any interested party, depending on the complexity of the bid, following Board action. The Board of Trustees holds regular meetings on the second Tuesday of each month. In accordance with District procedures, all bid recommendations are presented for Board action at the next regularly scheduled meeting following bids evaluation. The complete award recommendation packet will be posted to the District website following such presentation. Bidders are encouraged to review the bid tabulations and recommendations as posted, and invited to contact the District office with related questions.
7. **Bid Quantities:** Quantities listed represent the best estimates of the various products required to support the District's Child Nutrition program. Actual purchase quantities may vary depending on internal changes, including but not limited to USDA commodity availability, student participation, quality refusal, and opportunity purchases. The District reserves the right to purchase more or less than the listed estimates.
8. **Unit Prices:** Unit prices offered may extend up to four (4) decimal places (ex: 0.0000). Extended prices should be rounded to the nearest whole cent.
9. Bidders should complete and return the entire products list, the provided cover page, and the Bidder Certification form included with this packet. Bidders are asked to label the upper right corner of each returned page with their company name. Bids must be submitted in a sealed envelope or other container, marked with

the bid name as specified on the cover page. A preprinted cutout label is provided at the end of this packet to assist with this requirement.

10. **Bid Delivery:** Bids may be submitted via any commonly accepted carrier or in person. Bidder shall bear the sole responsibility for delivery of its bid by the set time and at the appointed location. Bidders are encouraged to verify District receipt of their bid.
11. **Signatory Authority:** All quotations and proposals must be signed in ink by an individual authorized to legally obligate company or firm.
12. **Bidder Certifications:** In accordance with applicable laws or rules, winning bidders shall be subject to requirements of those participating in this bid, seeking to conduct business with Nampa School District Nutrition Services, or seeking to provide items paid for from federal funds. Bidder certification shall be required regarding:
 - Debarment & Suspension
 - Byrd Anti-Lobbying Amendment
 - Anti-Collusion
 - National Sex Offender Registry
 - Equal Employment Opportunity

A Bidder Certification Form is included with this specification packet, detailing these requirements. This form must be completed and returned with any submitted bid; failure to complete and return the Bidder Certification Form may constitute grounds for disqualification of an offered bid.

13. **Addition of New Products After Award:** Subsequent to the award of the contract, new items may be added to purchasing agreements, either at the request of a vendor or the district. Vendors may propose the inclusion of additional, “new” products only if such product is not already included in the same or similar form in the original bid item listing. Items new to a particular vendor but included in same or similar form will not be considered a new product under this clause, and will not be considered for addition to the purchasing agreement. New items proposed by any vendor will be subject to competitive bidding rules and other contract terms applicable to the category in which the new product is classified.

Should District opt to add items to its purchase contracts that were not included in the original bid listing, such items will be subject to competitive bidding rules. The contract terms of the bidding category in which the item would be classified will apply.

District will screen new products prior to conducting any price solicitation, and reserves the right to accept or reject any new product proposed.

14. **Substitutions of Awarded Products:** An awarded vendor seeking to substitute a product for that for which the award was originally granted must seek and be granted prior approval of the District for provision of the substituted product. Approved substitution must be provided at or below the bid price of the substituted-for item. Any approval granted shall be effective for no more than two weeks from the date of approval. Vendor

www.nsd131.org

may request a second two-week substitution, either separately or to run consecutively with the original substitution. Should the original item remain non-fillable at the end of the second approved substitution period, the District shall have the right, at its own option, to:

- a) Re-award the item to the bidder offering the second-lowest price under the original bid, or
- b) Reopen the item to competitive bidding, with the new award effective for the length of the original bid term, or
- c) Purchase the item via open market purchasing,

whichever option is deemed to be in the best interest of the District.

15. Award Criteria: Nampa School District Nutrition Services bids are awarded on the basis of price, with the lowest offered price that adheres to specifications as listed or amended being deemed the winning bid. In the event any particular item bid is not considered for award, reason for such exclusion will be included in the bid tabulation/award recommendation.
16. Bid Opening Attendance: All bidders are entitled and invited to attend the bid opening, if so desired.
17. Taxes: Nampa School District is exempt from state and federal sales, use, and excise taxes; no taxes shall be included in any bid price.
18. The Board of Trustees reserves the right to accept or reject any and/or all bids and waive any formality if such action is deemed to be in the best interest of the District.
19. Purchase Order: The award of a bid shall not constitute an order. Before shipments may be made, the vendor must receive a purchase order issued by the District. Shipments shall be made as specified on the order, and conforming to bid specifications and instructions.
20. Public Record: All information and materials submitted in response to this bid request shall become and be considered public record upon the opening of submitted bids, and as such available for examination by interested parties upon the completion of the bid award process.
21. Line Item v. All-or-Nothing Bid Award: Nampa School District Nutrition Services bids are “line item” bids. The District reserves the right to award “all or nothing” bids that are deemed in the best interest of the District.
22. Rebates and purchase reporting: Whereas Nampa School District Nutrition Services intends to pursue rebates available from manufacturers, distributors, and other sources in consideration of purchases supporting the School Nutrition Program, awarded vendors shall be required to report eligible purchases to the rebating agency, as directed by the District.
23. Any bidder may withdraw, amend, or replace its bid at any time prior to the time set for bid opening, in writing or in person. No bid may be withdrawn after the set time of opening.

www.nsd131.org

24. Product Deliveries: For deliveries to be accepted, a purchase order number must be listed on all ship tickets or invoices, a dock appointment made, and a confirmation call made with the delivery site supervisor one week in advance of the delivery
25. Gratuities: In the event that any gratuity or “kickback” is offered or tendered to any school district employee or subcontractor as an inducement for award of a bid, request for proposal, subcontract, or order, the bidder’s proposal shall be disqualified and shall not be reinstated.
26. Indemnification/Hold Harmless: Bidder agrees to indemnify and hold harmless the District from all third party claims and costs, including attorney’s fees, incurred by the District in defending same to the extent such claims are based on a defect in a product or part thereof, supplies of such a part, or part hereof to conform.
27. Default: Should any bidder fail to enter into a contract with the District on the basis of the submitted bid by said bidder, or fail to perform under the supply agreement, bidder acknowledges that it shall be liable to the District for the difference between said bid price and the price actually paid by the District to secure the product from an alternative source. Failure to pay said amount to the District upon demand may result in the nullification of all or part of the supply agreement as well as disqualification from subsequent Nutrition Services bids for not less than one (1) year, after which time the bidder may request reinstatement.
28. Conflict of Interest: All bidders must disclose, with their bid, the name of any officer, director, or agent who is also an employee of Nampa School District No. 131. Further, all bidders must disclose the name of any District employee who has, directly or indirectly, an ownership interest in the bidding firm or any of its branches.
29. Buy American Provision: The William F. Goodling Child Nutrition Reauthorization Act of 1998 directs school food authorities to purchase domestic commodities and products to the maximum extent practicable. A “domestic commodity or product” is defined as an agricultural commodity that is produced in the United States and a food product that is processed in the United States using substantial agricultural commodities that are produced in the United States. For listed bid items to which the Buy American Provision applies but non-domestic product is bid, the bidder should include an explanation supporting the use of non-domestic products.

Where domestic products subject to the Buy American Provision are awarded but the awarded bidder seeks to supply non-domestic product, the vendor must seek preauthorization from Nampa School District Nutrition Services for such items, including an explanation supporting the change of product. The District reserves the right to research all such requests and approve or refuse the application for alternative products, and to seek Provision-compliant supply otherwise. Awarded bidders who fail to perform under the supply agreement as stipulated under Buy American requirements shall be considered in default of the agreement and subject to penalties under default rules as specified herein.

30. Protests: Participating bidders may object to a bid award, per the requirements of Title 67, Chapter 28, Idaho code.

A bidder who wishes to object to a bid award must do so within seven (7) calendar days of the posting of the award. This objection should be submitted, in writing, to the District’s coordinating party as listed in the publicly posted bid documents. The objection must set forth the express reason(s) for the objection and why the award

Inspiring Excellence — Every Child, Every Day

619 S. Canyon St. Nampa, ID 83686
www.nsd131.org

has been made in error. Upon receipt of a proper objection, the governing party for the bid in question will stay its award decision and any procurement under the award until it has addressed the particular objection(s) submitted.

The governing party shall review its decision and will determine to (1) affirm the award, (2) modify the award, or (3) repeat the bid process, setting aside its award, and will set forth the reasons therefor. After completion of the review process, the District may proceed as it deems in the best interest of the District.

For the purpose of bid objections, the governing party shall be whatever person or group is duly empowered and qualified to make an award, under procurement laws and guidelines set forth by the State of Idaho for political subdivision purchasing and Nampa School District purchasing rules.

31. **Timing of Deliveries:** Deliveries are to be made to the address(es) specified on the purchase order. It will be the responsibility of the vendor to coordinate delivery time(s) and other arrangements with the site supervisor at each facility.
