School Description

Superintendent's message

Like the roaring '20s, our district is poised to make some noise in 2020!

LEUSD student accountability showed meaningful gains with the latest California School Dashboard results. Positive growth in English Language Arts and Math is largely due to LEUSD's collaborative focus on Professional Learning Communities (PLCs) to provide teachers and principals with critical performance data to guide daily instruction, helping students succeed!

The district's first new school in 12 years is greatly anticipated. Alberhill Elementary School will open in August of 2020. This new TK-5 school will feature state-of-the-art solar energy efficiency, flexible classroom furniture and configurable classroom space, exciting classroom technology, and advanced campus security systems.

Recent facilities projects funded by the recent Measure V school bond include flexible classroom furniture, artificial turf replacement, playground refurbishment, LED lighting conversions, and classroom technology purchases. Grant funded CTE program expansion will significantly update our existing engineering, agriculture, and medical career pathways. All LEUSD high school performing arts centers have recently received state-of-the-art sound and lighting upgrades, and new theater seating plus stage refurbishments are coming next.

A previously shuttered campus in Wildomar, Jean Hayman Elementary, was reopened this summer under a new development plan that will unfold over the next five years. Phase 1 tenant improvements were recently completed to accommodate the Southern California EMS Training Institute. Phase 2 will include refurbishment of the existing multipurpose room for professional development, staff training, community meeting rooms, and expanded parking. Phases 3 and 4 include the relocation of existing adult education programs, new site-based child care, plus separate parking. Phase 5 will complete the relocation of our existing Adult Transition Program; also, installation of affordable housing for teachers as an incentivized recruitment strategy, enabling LEUSD to stay competitive in a statewide teacher shortage.

As you can see, 2020 and the beginning of a new decade has plenty for everyone to shout about!

Sincerely,
Dr. Doug Kimberly, Superintendent

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Lake Elsinore Unified School District chooses instructional materials which are aligned to State content standards, present a broad spectrum of knowledge and viewpoints, reflect society's diversity, and enhance the use of multiple teaching strategies and technologies. Materials for grades K-8 are chosen from the State-adopted list. Materials for grades 9-12 are evaluated and recommended by subject area teachers. Curriculum and textbook subcommittees are comprised of teachers (subject or grade level) and administrators. The subcommittee recommends instructional materials to the Curriculum Advisory Committee (CAC), which has representatives from every school. The CAC evaluates and recommends materials to the school board, which makes the final approval of all adopted instructional materials. Parents and community members may review adopted materials at the District office.

School Facility Conditions and Planned Improvements (Most Recent Year)

The Lake Elsinore Unified School District (LEUSD) is committed to maintaining a safe, secure, and aesthetically pleasing environment for our students. The LEUSD Governing Board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the school office and at the District Office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. In addition to District-level support of routine and periodic maintenance needs, LEUSD holds high standards for cleanliness, appearance, and good repair of all campuses daily and maintains them through the efforts of the students, staff, day custodian, evening custodial crew, and District Maintenance Department. Our maintenance staff ensures the repairs necessary to keep the school in good repair and working order are completed in a timely manner.

A work-order process is used to ensure efficient service and that emergency repairs are given the highest priority. LEUSD regularly assesses maintenance, modernization, and new construction needs. Any pesticide use at our school sites is in compliance with the Healthy Schools Act of 2000.

Fire drill evacuations are conducted on a monthly basis at all elementary and middle schools, and twice a year at the high schools in the District. A fire safety inspection is conducted once each year by the Riverside County Fire Department, while site personnel conduct site inspections on a regular basis.

The school's Disaster Preparedness Plan is updated annually, and disaster drills are conducted four times per year at each elementary school and middle school, and once each semester at the high schools.

Currently, the District provides storage areas for emergency supplies to be kept on campus in the event of a disaster. A radio communication system allows for continuous communication with the District office in the event of a disaster.

A Crisis Intervention Team has been identified and trained to deal with stress experienced by students and staff as a result of a crisis situation. Team members are called upon to assist across the District as necessary. As part of the comprehensive School Safety Program, School Resource Officers provide prevention and intervention procedures on all LEUSD campuses at least part time.

Temescal Canyon High School is located in the northeast portion of the Lake Elsinore Unified School District, opening in 1991. It has 90 regular and specialty classrooms with a district design capacity of 3,126. The site includes a multiuse gymnasium, locker/shower facilities, computer and science labs, art, band, choral, wrestling, dance, weight room, administration support buildings, outdoor courts and fields, and a multi-media library.

A progressive discipline plan is in place and multiple discipline and Character Counts assemblies are conducted throughout the year. Four campus supervisors and a part-time School Resource Officer also help maintain a safe environment. The WE TIP program is utilized so that students may report crime anonymously and all leads are followed up immediately.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

ELA	55	60	40	41	50	50
Math	28	33	28	29	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Temescal Canyon High School encourages parents to be involved in their child's education. We offer many opportunities for parent participation, including:

- Volunteering in the classroom
- Tutoring students
- Participating in the School Site Council (SSC)
- Volunteering for Parent-Teacher-Student Association (PTSA) activities
- Extracurricular and Athletic Booster Club membership

* Parent / Principal Advisory Council

- Helping with athletic and music activities

For more information on how to become involved at the school, please contact Principal Dr. Whitney D'Amico at (951) 253-7250.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Our School Safety Plan was reviewed by our School Site Council on October 22, 2019 and updates were presented for review to our Governing Board in November 2019. The School Safety Plan was last reviewed and discussed with the school faculty October 2019.

The Safe School Plan (SSP) is updated annually at each site to address components that the site will proactively seek to improve as it relates to student and staff safety. The SSP is available to the public for review upon request.

The Comprehensive Safe School Plan is fully incorporated in the School Plan for Student Achievement, Goal Seven, and includes data regarding the California Healthy Kids Survey, crime, safe school procedures, and compliance with laws including: (1) child abuse reporting, (2) disaster response and crisis intervention, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) school-wide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to California Education Code Sections 35291 and 35291.5

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			

Each year, LEUSD strongly supports and encourages teachers, administrators, and support staff to participate in professional development on a regular basis throughout the school year. LEUSD first priority is to provide assistance for teachers and classroom Para-Educators. Workshops and trainings scheduled throughout the year are based on the academic needs of students. Offerings include data analysis, curriculum and content knowledge, Standards-based instruction, instructional strategies, and leadership skills. Subsequent to initial training, follow up and coaching take place district wide. The District's goal is to provide opportunities for teachers, administrators, and staff in order to meet the learning needs of all students. Staff members are encouraged to use SCHED to sign up for professional development opportunities.

Career Technical Education Programs

The Governing Board maintains a strong commitment to Career Technical Education (CTE) for all students. Through the Carl D. Perkins Grant (Federal), the Career Technical Education Incentive Grant (State), Agricultural Career Technical Education Incentive Grant (State), California Partnership Academy Grant (State) and our General Fund, Lake Elsinore Unified School District provides activities and instruction that strengthen students' academic and career technical skills through the integration of academics and CTE standards in a coherent sequences of courses to ensure student learning. In the 2017-18 school year, 91 sections of CTE courses were offered at three comprehensive high schools and two Alternative schools. These courses represent 14 separate industry sectors and 20 separate career pathways as defined by the California Department of Education CTE Model Curriculum Standards.

LEUSD maintains and active CTE Advisory Committee that provides direction for District programs. The CTE Advisory Committee is comprised of industry representatives that mirror the career pathways offered as well, teachers and administrators. Each year nominations are made and a vote is held to select the chair of the committee. For the 2017-18 school year Mr. Mike Norkin, Owner of Cherished Memories, served as the chair. Academic achievement is measured by the California Assessment of Student Performance and Progress (CAASPP), certification attainment and articulated credits. This data is forwarded to the California Department of Education (CDE) as requested and/or required.

LEUSD works proactively with our CTE teachers to determine the professional development needs of our instructors and will work with outside organizations or companies to provide additional training for our students. The school counselors and CTE teachers strive to ensure special population students and non-traditional students are well represented in CTE courses. Students participate in work-based learning opportunities that expose them to real-world and workplace environments where they can learn from adults, inside and outside of school through project-based learning. CTE classes strive to provide technical coursework for all students that is well-grounded in academic and professional industry-level standards. A major goal of every career pathway articulated with a post-secondary institution and/or approved as a college prep course (A-G) through the University of California and California State University systems.

Measurable outcomes include the number of students who graduate with a certificate of competence in a career pathway, the number of students continuing post-secondary training in a career pathway started in high school and or the number of students employed in the career pathway they started in high school. LEUSD CTE programs are evaluated for effectiveness via the performance targets set by the Carl Perkins Core indicators.

CTE Pathways offered in 2017-18 included the following:

- Elsinore High School
 - o Agriscience
 - o Animal Science
 - o Design, Visual and Media Arts
 - o Public and Community Health
 - o Information Support and Services
 - o Graphic Production Technologies
 - o Systems Diagnostics, Service, and Repair
 - Lakeside High School
 - o Production and Managerial Arts
 - o Food Service and Hospitality
 - o Residential and Commercial Construction
 - Ortega High School
 - o Design, Visual, and Media Arts

- o Business Management
 - Temescal Canyon High School
- o Engineering Design
- o Fashion Design and Merchandising
- o Interior Design
- o Patient Care
- o Welding and Materials Joining

Several course articulation agreements have been between LEUSD and Mt. San Jacinto College, Riverside Community College, Norco College, Palomar College and Mt. San Antonio College whereby high school CTE students receive college credit upon successful completion of the course and admission into the college with the agreement.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
