SUMMER BIRTHDAYS - Each day on the morning announcements, we recognize birthdays. Weekend birthdays are announced on the last day of the week. In the month of May, we announce the summer birthday on the corresponding date. For example, May 1st we recognize June, July and August 1st bdays. In planning summer bday celebration/treats in the classroom, this might be a great day to do this if you would like - It helps spread out the celebrations this last month of school. We have a lot of summer birthdays!

Important News from Student Nutrition Regarding Student Meal Accounts - This is a courtesy message from Lovejoy Student Nutrition Services to inform households of an upcoming change in student meal accounts. In an effort to minimize negative balances at the end of the school year, beginning Wednesday, May 8 and for the remainder of the school year, students will no longer be able to charge meals which will result in the student incurring a negative balance to their meal account. Students may continue to use their lunch accounts as long as they have money in the account. Households with students who currently have negative balances will receive reminder emails and phone calls. Federal regulations prohibit us from rolling over negative balances to the next school year. Please make arrangements to remit payment for any negative lunch accounts your child may have incurred. All positive balances will be rolled over to next school year. If you have a graduating senior, funds may be transferred to any sibling in the school district. To request a meal account refund, please complete a [refund request form](#) located on the Student Nutrition website. For assistance, please contact Student Nutrition at 469.742.8041. Student Nutrition Services thanks you for your understanding and for allowing us to serve your student(s) this school year.
