

NEW DROP-OFF AREA AT GUADALUPE

**STARTING
MONDAY MORNING
2/25/19**

Principal Jones and the Safety Team will be testing a new DROP-OFF location at Guadalupe Elementary starting Monday, February 25th. The drop-off area for students is no longer in the parking lot. For two weeks, the drop-off zone will move to the curbside along the Track/Field fence on Vera Cruz Drive. Typically this area is a parking area, but for these two weeks “no parking” signs will be set up as a reminder. Here are helpful guidelines for this DROP-OFF TEST. You will receive reminders via email and text over the next two weeks.

- * The School Parking Lot will be open to teachers/buses/handicap placard holders/car services.
- * Enter Drop-Off Zone from Monteverde Drive.
- * Please follow the directions provided by Traffic Safety members wearing yellow vests and look out for the traffic signs displayed along Vera Cruz.
- * Drop-off your students curbside in the designated drop-off area only. Do not drop your student off in traffic.
- * Students will enter the school property through the two open gates to the Track/Field.
- * Pull forward in the drop off zone as traffic flows.
- * Be patient when pulling away from drop-off zone, do not jump the line into oncoming traffic.
- * Do not drop your student off at a gate; please pull forward. Safety Team members will be stationed at gates to ensure students enter safely.
- * **All students must exit the vehicle CURBSIDE ONLY.**
- * Backpacks need to be with your student(s), do not place backpacks in the trunk or front seat of the vehicle.
- * Parents, please stay in the car. If your students(s) need assistance, a Traffic Safety team member will assist.
- * Once your student(s) have exited the vehicle, please follow traffic flow out of drop-off zone. Do not wait to see if your student enters the gate.

NO CHANGES TO “PICKUP” AT THIS TIME.

Any questions or want to volunteer, please email trafficsafety.ghsc@gmail.com
