

# CONNECTING WITH CONNECT

Hardeeville Elementary School Connect Newsletter

Septiembre de 2019

## Theater Art

Greetings!

This month in Theatre Arts, my classes will focus on Introductions and Improvisations. Students will learn introductory principles to acting and public speaking. We will play improvisational games that focuses on self-exploration and vocal characterization. We will explore interesting topics such as zoo animal sounds, favorite breakfast foods, and emotions. Lastly, students will recall and discuss the differences between a movie and a play.

## StemU

**Our scholars are excited about the STEM U technology they will be using.**

**The month of September scholars will receive hand-on experience with technology. Grades 1-5 will learn the important of following directions as they learn how to code, and design games.**

## Keyboarding

Hello. My name is Mrs. Arroyo and I am the keyboarding paraprofessional at Hardeeville Elementary School. This school year we will using Learning.com to teach and practice keyboarding skills with the students. Learning.com is an excellent platform because it covers foundational keyboarding concepts like QWERTY hand positioning, basic shortcuts and commands. This school year is going to be awesome in the world of Learning.com.

## Physical Education

This month we will learn how to play safe in the gym. We learn our class expectations and how to play together always being a good sport.

Movement will be the main focus for Grades K-2. Grades 3-5 will start with Cooperative Activities, like the game of Castle Ball.

## Computer Science

This month we are building relationships, learning what Computer science is and how it relates to the world around us. Grades 3-5 will focus on working together to build program codes and identify problems within coding and finding a solution.

## Computer

." Expectations! Expectations! Expectations! For the past several weeks, classroom expectations were the main focus in the Computer Lab. I also introduced the students to Microsoft Word. Afterwards, the students were allowed to demonstrate on the Promethean board all that they learned.
