ATTENDANCE MATTERS!

Safety • Learning • Character

ATTENDANCE

It is important to come to school daily and be on time!

MINUTES ADD UP!

Students who are tardy miss a lot of important information at the start of the day.

For example, a student who comes to school 10 minutes late every day will miss **50** minutes of school every week!

**BE
ON TIME**

What is Autism?

Autism is a developmental disability that affects how a person communicates with, and relates to, other people. It also affects how they make sense of the world around them. It is a spectrum condition. This means that, while all people with autism share certain difficulties, their condition will affect them in different ways.
