

Dinner with Moms and Dads

Preparing for Success in the
Workplace

Thursday April 25th 6:00 pm

High school aged students and alumni are encouraged to attend.

Our speaker is Joseph Riddle. He is the Director of Neurodiversity in the Workplace. Located in Philadelphia, his folks work with companies such as SAP, Vertex, Dell, Ernst and Young, Lincoln Financial and many more to assist them in locating, training, on-boarding and supporting neurodiverse individuals in their company. They also work with individual clients with personalized job coaching! A number of our alumni have benefited from their expertise.

Neurodiversity in the Workplace partnered with Hill Top this winter for its first Success in the Workplace Training. This is a two-week course to begin the process of getting ready for employment. We will be teaming up again to offer an expanded version of this program this coming August. Joe will present information to help us understand the trends in this specialized employment market. Also, from this unique perspective he will offer advice on what employers are looking for and how to prepare for employment early.

This is a not to miss event. Come and join in the conversation about employability on Thursday, April 25th at 6pm for Dinner with Dads. Please RSVP to Gail Stamler at gstamler@hilltopprep.org. The cost is \$20.00/pp at the door.
