**LEMON GROVE SCHOOL DISTRICT
PROPOSITION 39 GENERAL OBLIGATION BONDS
PROPOSITION W
INTRODUCTION AND CITIZENS' OVERSIGHT COMMITTEE MEMBER LISTING**

On November 4, 2008 the Lemon Grove School District was successful in obtaining authorization from District voters to issue up to \$28,000,000 in General Obligation Bonds pursuant to a 55% vote in a Bond election under Proposition W. The General Obligation Bonds are considered Proposition 39 bonds. The passage of Proposition 39 in November 2000 amended the California Constitution to include accountability measures. Specifically, the District must conduct an annual, independent performance audit to ensure that funds have been expended only on the specific projects listed as well as an annual independent financial audit of the proceeds from the sale of bonds until all proceeds have been expended.

Upon passage of Proposition 39, an accompanying piece of legislation, AB 1908 was also enacted, which amended the Education Code to establish additional procedures which must be followed if a District seeks approval of a bond measure pursuant to the 55% majority authorized in Proposition 39 including formation, composition and purpose of the Independent Citizens' Oversight Committee, and authorization for injunctive relief against improper expenditure of bond revenues.

The Lemon Grove School District Proposition W Independent Citizens' Oversight Committee as of June 30, 2013 was comprised of the following members:

Cary Demaree	Chair
Gerard Selby	Vice Chair
Mark Gracyk	Member
Thomas E. Clabby	Member
William Baber	Member
Scott Caneday	Member
Ilse Hanning	Member
Helen Ofield	Member
Rosemary Putnam	Member
Toni Shaw	Member

INDEPENDENT AUDITOR'S REPORT

**Governing Board Members and
Citizens' Oversight Committee
Lemon Grove School District
Lemon Grove, California**

Report on Financial Statements

We have audited the accompanying financial statements of Proposition W Building Fund (21-39) of Lemon Grove School District, which comprise the balance sheet as of June 30, 2013, and the related statement of revenue, expenditures, and changes in fund balance for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note B, the financial statements present only the Building Fund (21-39) which is specific to Proposition W and is not intended to present fairly the financial position and results of operations of Lemon Grove School District in conformity with accounting principles generally accepted in the United States of America.

Also, described in Note B to the financial statements, in 2013, the District adopted new accounting guidance, Government Accounting Standards Board Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. Our opinion is not modified with respect to this matter.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Proposition W Building Fund (21-39) of Lemon Grove School District as of June 30, 2013, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 25, 2014, on our consideration of Lemon Grove School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

GENERAL OBLIGATION BONDS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013**

A. Definition of the Fund

The Building Fund (21-39) was formed to account for property acquisition and the renovation of schools in the Lemon Grove School District (District), through expenditures of general obligation bonds issued under the General Obligation Bonds Election of 2008. Fund (21-39) is one of the Building Funds of the District.

B. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB) and *Audits of State and Local Governmental Units* issued by the American Institute of Certified Public Accountants.

Fund Structure

The accompanying financial statements are used to account for the transactions of the Building Fund specific to Proposition W as defined in Note A and are not intended to present fairly the financial position and results of operations of Lemon Grove School District in conformity with accounting principles generally accepted in the United States of America.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The Building Fund is maintained on the modified accrual basis of accounting. Its revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current fiscal period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered). With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

Budgets and Budgetary Accounting

The Board of Trustees adopts an operating budget no later than July 1 in accordance with state law. This budget is revised by the Board of Trustees during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

**LEMON GROVE SCHOOL DISTRICT
PROPOSITION W BUILDING FUND (21-39)
GENERAL OBLIGATION BONDS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013
(Continued)**

B. Summary of Significant Accounting Policies (Continued)

Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated at June 30 since they do not constitute expenditures or liabilities.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Cash in County Treasury

In accordance with Education Code §41001, the District maintains a substantial amount of its cash in the San Diego County Treasury. The County pools these funds with those of other districts in the County and invests the cash. These pooled funds are carried at cost, which approximates fair value, in accordance with the requirements of GASB Statement No. 31.

Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

The county is authorized to deposit cash and invest excess funds by California Government Code §53648 et.seq. The funds maintained by the county are either secured by federal depository insurance or are collateralized.

Information regarding the amount of dollars invested in derivatives with San Diego County Treasury was not available.

Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as interfund receivables/payables. Accounts receivable are recorded net of estimated uncollectible amounts. There were no significant receivables that are not scheduled for collection within one year of year-end.

PROPOSITION W BUILDING FUND (21-39)
GENERAL OBLIGATION BONDS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013
(Continued)**

B. Summary of Significant Accounting Policies (Continued)

Fund Balance Reserves and Designations

Fund balances of the governmental funds are classified as follows:

Nonspendable Fund Balance – represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaid insurance) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

Restricted Fund Balance – represents amounts that are constrained by external parties, constitutional provisions or enabling legislation.

Committed Fund Balance – represents amounts that can only be used for a specific purpose because of a formal action by the District's governing board. Committed amounts cannot be used for any other purpose unless the governing board removes those constraints by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the governing board. Commitments are typically done through adoption and amendment of the budget. Committed fund balance amounts differ from restricted balances in that the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned Fund Balance – represents amounts which the District intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the governing board or by an official or body to which the governing board delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the general fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the District itself.

Unassigned Fund Balance – represents amounts which are unconstrained in that they may be spent for any purpose. Only the general fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts has been restricted, committed or assigned.

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

B. Summary of Significant Accounting Policies (Continued)

GASB 63 Implementation

The District has implemented GASB Statement Number 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. The purpose of this pronouncement is to improve financial reporting by standardizing the presentation of deferred inflows and outflows or resources and their effects on a government's net position. Transactions that result in consumption or acquisition of net assets in one period that are applicable to future periods are deferred outflows and inflows of resources are distinguished from assets and liabilities. Net position is the difference between 1) assets and deferred outflows of resources; and 2) liabilities and deferred inflows of resources. For the year ended June 30, 2013 the District did not have any items which would be considered deferred outflows and inflows of resources.

C. Cash and Investments

Cash in County Treasury

The District maintains significantly all of its cash in the San Diego County Treasury as part of the common investment pool. As of June 30, 2013, the portion of cash in county treasury attributed to Building Fund 21-39 was \$6,482,010. The fair value of each Building Fund's portion of this pool as of that date, as provided by the pool sponsor, was \$6,482,010. Assumptions made in determining the fair value of the pooled investment portfolios are available from the County Treasurer.

Analysis of Specific Deposit and Investment Risks

GASB Statement No. 40 requires a determination as to whether the District was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. *Credit Risk*

Credit risk is the risk that an issuer or their counterparty to an investment will not fulfill its obligations. The county is restricted by Government Code Section 53635 pursuant to Section 53601 to invest only in time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer's investment pool, bankers' acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year end, the District was not exposed to credit risk. The San Diego County Investment Pool is rated AAA by Standard & Poors.

**LEMON GROVE SCHOOL DISTRICT
PROPOSITION W BUILDING FUND (21-39)
GENERAL OBLIGATION BONDS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013
(Continued)**

C. Cash and Investments (continued)

b. *Custodial Credit Risk*

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name. At year end, the District was not exposed to custodial credit risk.

c. *Concentration of Credit Risk*

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the District was not exposed to concentration of credit risk.

d. *Interest Rate Risk*

This is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposures to interest rate risk by investing in the County Treasury. The District maintains an investment with the San Diego Investment Pool with a fair value of \$6,482,010 and a book value of \$6,482,010 for the Building Fund. The weighted average days to maturity for this investment pool is 370 days.

e. *Foreign Currency Risk*

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District was not exposed to foreign currency risk.

f. *Investment Accounting Policy*

The district is required by GASB statement No. 31 to disclose its policy for determining which investments, if any are reported at amortized cost. The District's general policy is to report money market investments and short-term participating interest-earning investment contracts using a cost-based measure; however, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value.

All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

-----------------	------------------

F. General Obligation Bonds

In May 2009, the District issued \$5,000,000, 2008 Election, Series A General Obligation Bonds for the purpose approved by the registered voters of the District in November 2008 for the purpose of financing the renovation, construction, and improvement of school facilities. The bonds mature on August 1, 2033 and bears an interest rate of 3.75% to 6.20%. At June 30, 2013, \$4,540,000 of the bonds were outstanding.

In October 2010, the District issued \$7,999,480, 2008 Election, Series B General Obligation Bonds for the purpose approved by the registered voters of the District in November 2008 for the purpose of financing the renovation, construction, and improvement of school facilities. The bonds mature on August 1, 2050 and bears an interest rate of 5.79% to 6.20%. At June 30, 2013, \$7,999,480 of the bonds were outstanding.

In March 2011, the District issued \$5,000,000, 2008 Election, Series C General Obligation Bonds for the purpose approved by the registered voters of the District in November 2008 for the purpose of financing the renovation, construction, and improvement of school facilities. The bonds mature on August 1, 2028 and bears an interest rate of 2.0% to 5.0%. At June 30, 2013, \$4,885,000 of the bonds were outstanding.

Districtwide Long Range Facilities Master Plan	8,391	Janaury 2014
Total	<u>\$ 516,793</u>	

H. Joint Ventures (JPA)

In March 2011, the District entered into a Joint Powers Agreement (JPA) with San Diego County Office of Education School, La Mesa Spring Valley School District, and Julian Union High School District. The JPA entity formed is called the K – 12 Public School Districts and Community Colleges Facility Authority. The purpose of the JPA is to provide a vehicle for member school districts to cooperatively develop, plan and undertake school facility projects, including but not limited to, construction and/or maintenance.

Lemon Grove School District Bond Fund contributed \$4,910,103 to the JPA. \$4,767,569 was used for capital improvements and \$142,534 remains in an escrow account restricted to capital improvements for the Lemon Grove Bond Projects.

OTHER INDEPENDENT AUDITOR'S REPORTS

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**Governing Board Members and
Citizens Oversight Committee
Lemon Grove School District
Lemon Grove, California**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Proposition W Building Fund (21-39) of Lemon Grove School District, which comprise the balance sheet as of June 30, 2013, and the related statement of revenues, expenditures, and changes in fund balance for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated February 14, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Lemon Grove School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lemon Grove School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lemon Grove School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Wilkinson Hadley King & Co., LLP

El Cajon, California
February 25, 2014

INDEPENDENT AUDITOR'S REPORT ON PERFORMANCE

**Governing Board Members and
Citizens Bond Oversight Committee
Lemon Grove School District
Lemon Grove, California**

We have audited the financial statements of the Proposition W Fund of Lemon Grove School District as of and for the fiscal year ended June 30, 2013 and have issued our report thereon dated February 25, 2014. Our audit was made in accordance with generally accepted auditing standards in the United States of America and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

In connection with our performance audit, we performed an audit for compliance as required in the performance requirements for the Proposition 39 Proposition W General Obligation Bonds for the fiscal year ended June 30, 2013. The objective of the audit of compliance applicable to Lemon Grove School District is to determine with reasonable assurance that:

- The proceeds from the sale of the Proposition W Bonds were only used for the purposes set forth in the ballot measure and not for any other purpose, such as teacher and administrative salaries.
- The Governing Board of the District, in establishing the approved projects set forth in the ballot measure, will modernize, replace, renovate, construct, acquire, equip, furnish, and otherwise improve facilities of the District as noted in the bond project list.

In performing our audit of compliance, we performed procedures including but not limited to those listed as follows:

Internal Control Evaluation

Procedure Performed:

Inquiries were made of management regarding internal controls to:

- Prevent fraud, waste, or abuse regarding Proposition W resources
- Prevent material misstatement in the Proposition W Building Fund financial statements
- Ensure all expenditures are properly allocated
- Ensure adequate separation of duties exists in the accounting of Proposition W funds

Purchase requisitions are required for all expenditures. All Proposition W purchase order transmittals get approval by the Assistant Superintendent of Business Services and Proposition W Owner's Representative. The Assistant Superintendent of Business Services, Proposition W Owner's Representative, and Projects and Facilities Supervisor verifies that all expenditures are properly recorded by project and expense category. When the purchase requisition had gone through the approval process, it will then be turned into a purchase order. Purchase orders are then processed via the District's normal purchase order system.

Purchase orders are then provided to the vendor who then proceeds to perform the requested service or provide the requested item. After the service is performed or item received and subsequent invoice is received requesting payment, the Assistant Superintendent of Business Services, Proposition W Owner's Representative, and Projects and Facilities Supervisor verifies the services were performed or the items were received, then the invoices are processed for payment.

The District has established a separate Building Fund to properly account for the receipt of bond proceeds and expenditures. The District has properly recorded receipts of bond proceeds within the Building Fund.

Results of Procedures Performed:

The results of our audit determined the internal control procedures as implemented are sufficient to meet the financial and compliance objectives required by generally accepted accounting standards and applicable laws and regulations.

Facilities Site Walkthrough

Procedures Performed:

We performed a walkthrough of the District to verify that Proposition W funds expended for the year ended June 30, 2013 were for valid facilities acquisition and construction purposes. We reviewed the site where the construction work occurred.

Results of Procedures Performed:

During our visit to the site where the construction work occurred, we were given an explanation by management, familiar with the construction work, of the work performed. Based on our review of the sites and the explanation of management, it appears the construction work performed was consistent with the Bond Project List.

Tests of Expenditures

Procedures Performed:

We tested expenditures to determine whether Proposition W funds were spent solely on voter and Board approved school facilities projects as set forth in the Bond Project List and the Proposition W ballot measure language. Our testing included a sample of vendor payments, totaling \$985,896 or 82% of total consolidated Building Fund (21-39) expenditures for the year.

Results of Procedures Performed:

We found no instances where expenditures tested were not in compliance with the terms of the Proposition W ballot measure and applicable state laws and regulations.

Tests of Contracts and Bid Procedures

Procedures Performed:

We reviewed the District's board minutes for approval of construction contracts and, if any, change orders to determine compliance with the District's policy and Public Contract Code provisions related to biddings and contracting.

Results of Procedures Performed:

We noted no instances where the District was out of compliance with respect to contracts and bidding procedures.

Independent Citizens' Oversight Committee

Procedures Performed:

We have reviewed the minutes of the Independent Citizens' Oversight Committee meetings to verify compliance with Education Code sections 15278 through 15282.

Results of Procedures Performed:

We have determined the Lemon Grove School District's Proposition W Citizens' Oversight Committee and its involvement is in compliance with Education Code sections 15278 through 15282.

Our audit of compliance made for the purposes set forth in the second and third paragraphs of this report above would not necessarily disclose all instances of noncompliance.

In our opinion, the District complied, in all material respects, with the compliance requirements for the Proposition W Building Fund (21-39), for the fiscal year ended June 30, 2013.

This report is intended solely for the information and use of the District's Governing Board, the Proposition W Bond Citizens' Oversight Committee, management, others within the entity, and the taxpayers of Lemon Grove School District and is not intended to be and should not be used by anyone other than these specified parties.
