March 4, 2020

To South Beloit Parents,

As many of you are aware, there has been a new virus affecting many different countries over the last few months. The virus is called COVID-19 (Coronavirus). At the present time there have not been any cases in Winnebago County. The immediate health risk from the virus to the general American public is still considered low at this time. South Beloit School District in partnership with the Winnebago Health Department, The Illinois Department of Health, and the Illinois State Board of Education are staying informed and prepared. As with any respiratory virus, there are ways for you to help. Students and school personnel can protect themselves and others by taking every day common sense actions:

- Wash your hands often with soap and water for at least 20 seconds
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Avoid close contact with people who are sick.
- Stay home when you are sick
- Cover your cough with a tissue, and then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces.

The South Beloit School District will continue to monitor the Coronavirus over the next few months. We will keep you informed through notes home, our all call system, and website posts. Thank you for your consideration.

Sincerely,

Scott Fisher  
Superintendent
