KINDERGARTEN/NEW ENTRANT DENTAL FORM

Dear Parent:

Now is the time to make arrangements for your child's dental examination, particularly if he/she is entering school in the fall.

In accordance with Section 10-206 of the Connecticut General Statutes, children should have a gross dental screening before entering school. It is highly recommended that this examination be performed by a dentist. The dental health history is a permanent part of your child's cumulative school health record.

Please take this form to your family dentist for completion and then return it to your child's school Dental hygienist.
