

Question of what the policy is concerning when kids get to go outside when it is cold. Mr. Bruce explained that anything below 20 degrees including wind chill. What is the rain policy? It's actually a MUD policy rather than a rain policy. It's kind of a judgement call.

Treasurer's Report

Brandy

Not much money has been spent,
\$240 in movie tickets
\$575 from Carnival
\$1400 Boxtops from our last 2 drives.

Committee Updates

Art Docent- WSU students have been trained and started

Art Fair- April 25th; can kiddos bring art from home? Yes! Info will come out closer to the event.

Box Tops- no update

Carnival- Laura did a fantastic job! Let her know that she did a good job if you see her. Feedback has been positive; a couple kids missed the talent show and the cake walk

Chess Club- We keep gaining a few kids every time. Around 60 this last meeting. March 1st meeting will be the tournament.

Destination Imagination- 4 weeks left. Certain that the kids will get there although right now it looks a little scary. March 2nd is the tournament in Richland.

Drama Club- We met last week, smaller group. We are trying to figure out if there is a way to actually do a play. We don't necessarily have the same kids each month. Kids are enjoying it though.

Fundraiser- OLL donor drive- Our biggest focus is the OLL donor program that we are trying to get going. We will be getting placards made with the families name put on them to be placed in the space somewhere. Tile fundraiser possibility that came out of the WSU student presentation. It would serve the double purpose of being a fundraiser and incorporating art into the space. We are still open to suggestions on people to approach or other options to bring in some funds to the OLL. Feel free to pass on any possibility, even a small one such as the one that WSU will be fabricating \$2000 worth of art and pieces for the space.

Green Team- Lots going on for Green Team. Next meeting is this Thursday on February 7th to finish preparing for our assembly next week, which is February 13th @ 9:30 am. I talked to Becky Bronstein to go over some last minute details regarding the trip, she is really excited for her visit. I also talked to her about a new opportunity for our team: Sister Schools. We will likely be paired with an urban school in the Seattle area and be able to meet up with them via skype. Our other February meeting will be February 20th.

Bringing families and schools together; Be involved!

JES T-Shirts- We have more to sell. We sold around 15 at Carnival. We will plan on being at the open house as well.

Movie Night- February 22nd. I am going to show Inkheart this time, getting away from the animated movies this time just to see how it goes

Outdoor Classroom- continuing fundraiser

Playground Equipment- no update

Silverwood Reading Program- March 9th is the due date

Science Fair- It's happening, its in the works. March 28th@ 6pm

Spaghetti Feed- February 7th- This Thursday, Ericka has tickets with her if any wants them. We are not doing any more before or after school. Donations were due today. Still looking for a few volunteers.

Snack Pantry-Question from Staff regarding giving out snacks from the pantry to kids who arrive at school hungry. With the district food policies, what is the best approach for this as staff are concerned about being able to give them out. Should we get a separate, in-school snack supply that contains food from the safe list? This has also come up in the Wellness committee that perhaps the District may supply a separate in-school healthy snack supply, but this idea is still in its infancy. Communication with teachers is key here.

Staff Appreciation- Next Tuesday will be the next one that the chairs will put together. Next month there will be 2, conference week and pi day.

Yearbook- Order forms will be given out in March or April, not sure yet. There is an email for pictures. Shutterfly book again, more classes so we will have less space for fun pictures.
