School Wide Positive Behavior Intervention Support System

Parents –

We need your help in developing a School Wide Positive Behavior Intervention Support System for our K-6 students. Please review the attached location specific rules with your child/children.

These are the rules we will be teaching and enforcing here at Mars. Students will be hearing consistent language as we help them to learn the rules of school.

Thank you in advance for your continued support as we work to implement a School Wide Positive Behavior Intervention Support System!
