

March is Reading

Month Author

We are excited to bring in this year's March Is Reading Month author, Peter Raymundo. He is visiting us from Florida where he formerly worked for Disney in Character Animation on films such as Mulan, Tarzan, Lilo & Stitch, and The Princess and the Frog. He is now a writer and illustrator of children's books such as The Monkey Goes Bananas and The Lazy Hippo, and a chapter book series, The Third Grade Mermaid. He will be discussing story structure, drawing, creativity, and story basics along with drawing demonstrations for each grade level during school on March 25th. If you would like to see some of his other work, his website is raymundoarts.com. We are offering three of his books for pre-event order. See insets for details.
