

Guardian Angels depends upon volunteer involvement to maintain our exceptional faith-based community. Please consider lending your time and talents to a Parish Service Organization. It's a great opportunity to get involved, meet fellow parishioners and families and make a positive impact in support of our parish, school and community.

If you are interested in joining or learning more about a Parish Service Organization, check the box next to the organization above, and someone from the PSO will get in touch with you. Just fill out this form and drop it in the Sunday Basket or forward it to the parish office.
