# APOLLO AFTER SCHOOL

**EXTENDED DAY PROGRAM**  
Extended Time For Expanding Minds

**ENRICHMENT**

**HOMEWORK**

**SNACK**

**FITNESS**

## **BOARD GAMES CLUB** Mondays: Starts January 14th

Whether in games of chance or games of skill, board games are an incredible source of fun, social interaction, and mental activity. Students in this club will play many of their favorite board games, and even learn some new ones to teach their parents.

## **LEGO BUILDERS** Tuesdays: Starts January 15th

Everybody likes to build! Creating new objects has always been at the core of human existence, and is one of the most rewarding and fulfilling activities for the old as well as the young. In our club, your child will learn many basic building techniques and will be encouraged to put their imaginations and hands to work in making their ideas turn into reality.

## **ARTS & CRAFTS** Wednesdays: Starts January 16th

In Arts & Crafts Club, young Apollo students will learn many techniques to turn their ideas into reality under the guidance of our Apollo staff. Club members will use their creativity and imagination to make many objects for gifts and decorations.

## **APOLLO OLYMPIANS** Thursdays: Starts January 17th

Zumba! Yoga! Dancing! These easy fitness activities for kids make exercise so much fun that your children won't notice they're working out. When you motivate children to exercise, they will be happier, healthier, and more focused!

## **SCIENCE CLUB** Fridays: Starts January 18th

Parachutes, spaceships, lasers, hadron colliders - we all know that science is a subject that's just for the cool kids (like you, of course!). The good news is that science is easy and incredibly fun to start practicing! Students in Apollo Science will learn how to ask the questions that are the beginning of all scientific discoveries, how to make hypotheses, and of course the fun part - testing them to see how they work. Through a hands-on and exciting curriculum, this club will help your child become more curious and have a deeper understanding about how the world works.

DAILY APOLLO CLUBS

## OUR APPROACH

The Apollo After School program develops skills and interests that will help children succeed both in and out of school.

Our clubs create a fun and healthy learning environment for our students through a mix of physical, intellectual, and social activities.
