

Dear Meads Mill Families,

I want to bring to your attention the need to follow our student drop-off procedures in the morning.

- Please drop off curbside at our main entrance and not in the circular parking lot across from the main entrance.
- Please do not drop off your student(s) past the DROP ZONE ENDS sign. We have several vehicles that are still dropping off near the band room/cafeteria entrance doors. This is for bus drop off only and is a problem for our buses when parents drop off at this area.
Please have your student(s) exit on the curbside when getting out of a vehicle. Many times throughout the morning buses are entering the lower circle lot and for safety reasons students should never exit on the driver side of a vehicle.
- Please drive the appropriate speed when entering our lower lot and exiting after drop-off. Students and staff may be crossing the parking lot and there are mornings where visibility is not great. It is important for all of us to take our time and use caution when entering and exiting our parking lot.
- Please look out for our buses when exiting the lower lot. The morning buses drop-off at various times in the morning and we need to make sure they have the right of way when drop-off vehicles are exiting our lower lot.
- Your assistance and support in following our drop-off procedures is an important part of our students and staff entering our school in a safe manner. We appreciate you following these important guidelines regarding our drop-off procedures.
