# ST. MARY'S HIGH SCHOOL

on the Frank J. Bommarito Campus

---

July 2018

Dear Parents/Guardians,

The 2018-2019 school year is quickly approaching, and I am excited to have students back in the building soon. In this packet, we are sending some important information that you will need to be ready for the school year.

Enclosed you will find the supply list, Chromebook/Technology information, important school dates, a coupon for our Legacy Shop, plus information about our Mother's Club and annual auction. You will find additional important school information on the school website by clicking the **Back to School Information 2018-2019** on the home page. Among the resources listed online, you will find:

- Student health form
- Immunizations & school health requirements
- Optional student accident coverage
- MSHSAA physical forms
- St. Mary's Athletics information & PRIVIT instructions
- Details from our food services vendor
- Yearbook ordering information

If you do not have access to the internet, please contact Kate Harden (314.481.8400 x102) in the main school office, and the information will be mailed to you.

Your son's schedule will be mailed to you separately in the coming weeks. Every effort is being made to schedule your son in the courses that best fit his educational needs and interests. Thank you for your patience with this process.

Best Regards,

Valerie Todd  
Associate Principal
