School Description

Steinbeck Elementary fosters a mutually respectful and positive learning environment promoting self-accountability through active engagement, effective and data driven instruction with opportunities for students to create, collaborate, communicate and think critically to achieve goals aligned with 21st century academic standards of success. The mission for Steinbeck in alliance with Central Unified's guiding principles vision and mission based on the belief that every child can learn while embedding the core values of character, leadership, innovation and continuous improvement.

Steinbeck School is located within the city limits of Fresno and serves students in transitional kindergarten through sixth grade. Construction on Steinbeck was completed in Spring 1995, and the first students began in July 1995. The entire Steinbeck team is committed to providing a comprehensive academic program in a learning environment that maintains high academic and behavioral standards and promotes success for all students. Steinbeck Elementary School, with an attendance area of approximately 5 square miles, lies in a combination of an urban and agricultural setting. Steinbeck has 30 classroom teachers, one instructional support coach, one intervention teacher, a behavior intervention counselor and a school psychologist, a speech therapist, two music teachers, one physical education teacher, three custodians, a principal's secretary, a clerk typist II, a nurse and health aide, a guidance instructional advisor, and a principal.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Central Unified Schools maintain current and standards-aligned instructional materials in good repair, for all students. Materials are locally adopted and reflect programs currently approved by the State Board of Education. All materials currently adopted reflect the most recent SBE adoptions and support the current California Frameworks.

Every student, including English Learners, Special Education, and other special populations have their own textbook. In the case of class sets, those sets augment individual texts that have been issued to individual students. These class sets are made based on a commitment of the district administration and the governing board and are not the product of any state requirement.

All instructional materials are subject to a school and district review process. Materials may be piloted and all materials that are selected and recommended for local adoption are reviewed by teachers, administration, and any parents who wish to review the materials. The Central Unified Board of Trustees review and adopt based on the recommendation of the district adoption committees and Educational Services.

School Facility Conditions and Planned Improvements (Most Recent Year)

Steinbeck sits on 20 acres and 60,121 square feet. It contains 39 classrooms at 37,420 sq ft, and 14 restrooms at 2,711 sq ft. The oldest main building was built in 1992. Current enrollment is 766. The table below shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT). This inspection determines the school facility's good repair status. District maintenance staff ensures that repairs necessary to keep the school in good repair and work orders are completed in a timely manner. For all items inspected that were found to not be in 'good repair', a work order has been created and maintenance will be done before the end of the 2018-19 school year. Maintenance items will be prioritized so that student safety is not compromised. At Steinbeck Elementary School, repairs completed or planned include repair of interior surfaces (ceiling tiles, HVAC, chipped formica & trim, carpet), electrical (missing covers, loose box), safety (dry rot). The overall rating for this school is 'fair'.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	33.0	37.0	40.0	44.0	48.0	50.0
Math	27.0	29.0	28.0	31.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
5	22.4	32.7	19.6

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Steinbeck utilizes a variety of strategies to encourage community and parental involvement. ELAC, Annual Title I, and quarterly SSC meetings provide opportunity for parents to receive training, gain understanding of how to maintain high expectations, and develop a common vision. An active English Learner Advisory Committee (ELAC), comprised of parents and staff, offer ideas and makes recommendations regarding our English Learner program. The role of the School Site Council is to assist with development of and recommend a School Plan for student achievement. The School Site Council, following approval of a School Plan for student achievement by the school district governing board, shall have on-going responsibility to review with the principal, teachers, and other personnel the implementation of the school improvement program and to assess periodically the effectiveness of such program. Modifications or any improvement to the plan or budget shall be developed, recommended, and approved or disapproved in the same manner. The primary task of the SSC is to ensure that the school is continually engaged in identifying and implementing curriculum and instructional practices that result in both strengthening the core academic program and ensuring that students have access to success in that program. A Home School Compact is reviewed annually. The signed compact underscores the importance of education to each student and provides the roles and responsibilities of teacher, student, and parents.

Parent Education is offered during the year for parents to make a partnership between the school and the home. The parents become directly involved with the improvement of student achievement. The Steinbeck campus is in constant use after normal school hours for community meetings, recreational activities, boy scouts, girl scouts, tutoring services provided by outside vendors, community based programs, and athletic events. Steinbeck also maintains a web site informing families of resources and further information to provide support for student achievement. Translation and interpretation services are provided. Our community liaison provides direct outreach and connection to parents regarding specific student and family needs along with information on parent involvement activities.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

An Emergency Response Plan was developed by Steinbeck School and has been prepared in compliance with Central Unified School District Governing Board Policy and California Administrative Code, Title 5, California Education Section 560, which requires all public schools, kindergarten through community college, to have written emergency response plans which will be reviewed at least annually by the local governing board. The plan was developed in cooperation with state, county, city, and district civil emergency response staff, and they have approved it. Cooperation with these agencies is essential in times of an emergency. The plan is devoted to the welfare and safety of the students of Steinbeck School during school hours. It includes a procedure whereby the school could be used, under disaster conditions, as a community resource for the care of people. The major objectives of emergency response procedures are to save lives and protect property in the event of a disaster. The School Safety Plan has been developed with these objectives in mind. The administration and staff take great pride and effort to ensure that all buildings, halls and grounds are clean, safe and functional. Steinbeck participates in the districts School Deferred Maintenance Program, which provides state matching funds to assist the school district with expenditures for major repair or replacement. The district has contracted with the Blackboard communication system, which allows the Steinbeck administration to send out an emergency message via the telephone to all parents in minutes. In addition, two way radios have been provided to staff. This communication system is an essential component of the plan. Drills are conducted on a regular basis. The Steinbeck safety plan is reviewed with staff, students, and parents each year. The Safety Plan was updated and reviewed with staff on September 9, 2018 and approved by the School Site Council on December 4, 2019.

Professional Development provided for Teachers

Professional Development is scheduled once a month on a Wednesday from 1:45-4:30 and is focused on the following based on classroom observations, assessment data, and district-wide initiatives:

- Providing and maintaining a differentiated, rigorous learning environment exercised through researched based best teaching practices
- Transition to Common Core standards; including best instructional practices, student engagement structures, assessment, curriculum mapping, and use of key questions and big ideas
- Development and use of leveled questions to lead to a deeper understanding of the topic and maintain rigor
- Guided Reading; use of Fountas and Pinnell for diagnosis and prescription of student needs
- Building teacher self-efficacy to teach using collaboration, creativity and innovation, problem solving and critical thinking, and communication
- Strengthening the structure and effectiveness of the Data Team PLC; data analysis, process, and reteaching
- Utilization of expository texts; best instructional practices to teach all content areas, text structure and textual evidence
- Building capacity to move towards more student-centered classroom environment
- Writing instruction across all content areas
- Tablet use and technology integration
- Internal Coherence

Teachers will also continue to train for the following:

- GATE Certification
- English Learner Professional Development
- Visual and Performing Arts (VAPA)
- Various Kagan Structure (student engagement) trainings

At the end of the last school year, teachers were provided release time to build their capacity on common core standards implementation, 21st century skills (collaboration, communication, problem solving, critical thinking, creativity, and innovation), and planning for instruction that provides differentiation, in-depth understanding, including procedural and conceptual learning. Professional development for this school year, through focused training and support, will continue with the work completed during the previous school year. CUSD Elementary Collaboratives will be provided this year and will focus on literacy development to develop a comprehensive plan for teaching reading, writing, listening, speaking, and thinking in a connected and engaged classroom.

Types of Services Funded

Steinbeck Elementary offers various types of services and programs to support and assist students both socially and academically. District/School personnel is available to serve all students, which includes a school site psychologist, an on-site intervention counselor (as needed) to assist students with any social emotional concerns, a library technician, Literacy Support Teacher, computer technician and a district nurse or health aide. Embedded EL instruction is implemented during the regular school day and provided through integrated instruction and designated leveled instruction that focuses on language development and grade level proficiency. ELD strategies are used by teachers to ensure ELA/ELD standards proficiency. Students new to the country are assigned extra tutorial with a certificated teacher to support rapid English language acquisition.

Parent training programs designated for parent outreach are provided for parents each school year. The focus is to equip parents with strategies to help support their child's academic success at home.

The after school Shark Island program is conducted daily. This program provides an academic component, an enrichment component and a nutrition component. The academic component consists of developing reading comprehension skills through the Accelerated Reader web based program.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
