

## **Huntington Beach City School District**

### **Health Services – During the School Year**

The goal of the Health Services team is to optimize the health of all students to enhance their learning experiences. With that goal in mind, we are proud to provide following services to our students, their families and the community during the school year.

- Serve as school, family and community health advisors
- Ongoing assessment and documentation of student health status
- Regular health screenings, including vision and hearing for students in grades K, 2, 5 & 8
- Direct care, support and first aid to students at the school site
- Planning and intervention for students with special needs
- Specialized physical health care services for students with special needs
- Ongoing health education for students
- Education for staff members at the school sites to ensure the health and safety of all students
- Community resources and medical referrals for families as needed
- Participation in disaster preparedness and first response programs
- Management and documentation of communicable disease in conjunction with the Orange County Health Care Agency when indicated
- Promotion of wellness through immunizations

***"Our Health Services Staff are a dedicated group of nursing, health clerk, and other professionals who strive to improve the health and wellbeing of children and their families. This is done through early detection, correction, and prevention of various health conditions to provide an optimal learning environment for student growth and achievement."***
