

Good Morning Class of 2020!

We are officially juniors, and entering into our twelfth year in Millburn Schools and our last two years at Millburn High. Wow.

My name is Jamie Serruto and I am the President of the Class of 2020 here at MHS. I want to give a warm welcome to all of our new students today and hope that everyone will help show them the ropes. I also want to introduce our fabulous student council class officers Vice President Charlie Baker, Treasurer Jenna Kaminski, and Secretary Ashley Bush. We will be working extremely hard to make this year a success.

School year 18/19 and our Junior Year comes with many huge changes that were made throughout the summer and there are more on the horizon. Together, we all need to be receptive to change and make the most of these great opportunities, from restrooms, to the media center, parking lot, and a Brand New Schedule, there are a lot of exciting things going on.

With respect to school lunch, we no longer have to gobble down our food in 20 minutes and can use common time to our advantage. The possibilities are nearly endless, from club meetings, meeting with teachers, and studying. But we all need to remember that with more freedom comes Responsibility, and I must reiterate time management. This year is about balancing studying for SATs, ACTs, looking at colleges and prepping for our next phases in life. We have the best teachers, administrators, and guidance counselors in the state who are all here working to your advantage.

Our student center is located next to the elevator on the first floor, drop in anytime and seek help if needed. A conversation really goes a long way.

We've got 5 home football games, 14 combined home soccer games, cross country, field hockey, volleyball, and tennis this fall. Basketball, Battle of the Classes and even more coming this winter. Junior prom, downtown events, working with downtown Millburn - the discount sticker program and more planned with the senior class. We have tons of clubs and opportunities to get involved so come on out. Go support and represent you're your school! Be a part of the Millburn High Legacy. Academics are the forefront but extracurriculars are the key to shaping our school environment.

The entire student council and I are here for you and we will meet anytime. Please reach out. Make sure you check your emails and get in our Facebook group as well as our new Remind text system.

In closing, though there will be challenges, we will all overcome them together. We have 2020 vision for the future. Remember to breath and enjoy Junior Year. Go Millers!

Thank You all.
