

# JUNIPERO SERRA HIGH SCHOOL

*Junipero Serra High School believes that students of all faiths and backgrounds deserve an academically challenging, spiritually enriching Catholic college preparatory education that forms them to become generous, responsible citizens and leaders.*

October 9, 2018

Dear Serra Family,

We are thankful for the number of friends, alumni, corporations, foundations, and other organizations who believe in Junipero Serra High School and generously contribute in so many ways to our mission. Without them, we would not have the money necessary to provide **tuition assistance for your family** and so many others.

Junipero Serra High School has a number of **academic scholarships** it awards to students annually based on merit. The Tuition Assistance Committee will make their decision based on the following criteria. Each student must maintain a 3.0 GPA or above, write a **300 word essay** and be in good standing with Junipero Serra High School as well as abide by the stated policies listed in the Parent/Student Handbook. **The Deadline to turn in your letter is May 31, 2019.**

It takes all of us working together to bring out the best from our students. We are a community dedicated to bringing a quality, faith filled and integrated education to your child.

As a guide to help with writing this letter, we have provided some tips on what to include. While we would like you to follow these guidelines, they are not required. Your personal message is really what's important.

I am happy to answer any questions you might have. Remember that **we are in this together** so please don't hesitate to email me [itortola@la-serrahs.org](mailto:itortola@la-serrahs.org), call 310-436-8303 or visit my office.

Many thanks and blessings to you and your family!

Irene Tortola  
Tuition and Financial Aid Manager
