Sophomore Orientation 9 am – 12 pm

Public Tours 5 pm – 7 pm

The orientation sessions are come-and-go. Parents/Guardians may accompany students to the orientation sessions. We are asking all other friends and family to come to the public tours. No school business will be handled during the public tours.

During orientation, students will pick up schedules, purchase parking, receive Chromebooks and Chromebook training, and familiarize themselves with the building. Before any of these things can happen all parents MUST have completed the snapcode registration. If you need assistance with this you may call 256-580-4346. Juniors who have not brought in their proof of residency should do so by August 3rd. All students who need a parking permit should bring proof of insurance, drivers' license and tag number along with the 10.00 fee.

All students will use the school's main entrance from Modaus Road. Ambassadors will direct each student to the proper location. Each student will receive a checklist and further directions upon arrival.
