School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

Principal's Message

East Bay Arts High School is a small college preparatory high school that is a school of choice. We started in the fall of 2005 with a clear vision of the future for our students. We envisioned a safe school where every student could learn the habits of mind, body and character necessary for success. With college as the goal, our students master the common core standards, complete the UC/CSU a-g requirements and grow as an artist. Our cross curricular grade level projects are based in real world problems and include the arts to encourage student engagement and participation. At East Bay Arts students develop their creativity, sense of confidence, grow as a community, and learn the skills so they are college and career ready.

The staff has worked to focus on development of Academic Discourse, both oral and written to ensure that students are able to clarify complex ideas and express various ideas. The staff have also focused on project based learning through the use of integrated curriculum and projects.

The mission of East Bay Arts is to provide a safe place for all students to learn the habits of mind, body, and character necessary for success. Our central intellectual purpose is that all students will be problem solvers, researchers, communicators, users of technology, and productive, ethical citizens. Our goal is to provide an educational environment that is academically rigorous while also incorporating the visual and performing arts so as to ensure a safe, exciting, and interesting community while at school. Students graduate prepared for college, having fulfilled California's A-G requirements and the world of work.

VISION:

East Bay Arts is a college prep high school in the San Lorenzo Unified School District. Students at East Bay Arts are exposed to a variety of performing, visual, and electronic arts. The goal of East Bay Arts is to provide all students with a rigorous, engaging, and enjoyable education that prepares all students for college and life after graduation.

District Mission Statement

The San Lorenzo Unified School District teachers and staff will collaborate with families and the community to cultivate safe learning environments and ensure equitable opportunities and outcomes for all students

All students will become engaged community members contributing to, and becoming good stewards of our changing world.

All students will reach their highest potential as creative and critical thinkers prepared for college, career and life-long learning.

District Vision

Students will become creative, collaborative, compassionate, resilient, well-informed and socially responsible advocates for equity and social justice as a result of their education, experience and support from educators, families and the community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

Teachers	School			District
	2016-17	2017-18	2018-19	2018-19
With Full Credential	9	9	9	485
Without Full Credential	1	1	0	18
Teaching Outside Subject Area of Competence (with full credential)	1	0		3

Teacher Misassignments and Vacant Teacher Positions

Indicator	2016-17	2017-18	2018-19
Misassignments of Teachers of English Learners	0	0	
Total Teacher Misassignments *	0	0	
Vacant Teacher Positions	0	0	

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Year and month in which data were collected: 1/27/15

Schools in the San Lorenzo Unified School District (SLZUSD) are supplied with all instructional materials needed for student learning. Textbooks are reviewed and adopted to coincide with the State seven-year curriculum adoption cycle. The SLZUSD Board of Education approves texts and instructional materials selections. The Instructional Materials Evaluation Oversight Committee (IMEOC) certifies that the District’s instructional materials adoption policies have been followed before texts and materials are brought to the School Board for adoption.

The instructional materials evaluation process includes evaluations of materials by teachers, parents, students, and administrators, as well as a public notice and a two-week public display period. Instructional materials are purchased to provide all core texts and also to provide supplemental materials to enrich and support all curricular areas.

Each pupil has access to his or her own copy of the Standards-aligned textbooks (approved by the local Board of Education) in the core curriculum areas of reading/language arts, math, science, history/social science, foreign language, and health to use in class and to take home.

The IMEOC brings all high school core and elective texts and materials to the Board of Education for approval after a review of the evaluation process. All high school students have access to core texts and instructional materials to use in the classroom and at home for homework. All high school adoptions are cataloged and referenced on a District list available in the Instructional Materials Technology Center and provided on the District’s Web site, www.slzusd.org.

School Facility Conditions and Planned Improvements (Most Recent Year)

EBA has seven classrooms, two computer labs, one dance studio, and six portables classrooms for a total of seventeen rooms.

The campus was built in 1955. Overall, the school is in fair condition and is cleaned on a regular basis by the custodial staff. We have two security staff members who patrol both East Bay Arts and Royal Sunset High School.

With funds from Measure E, EBA also has a relatively new Dance and Science lab. The Dance lab is an extra-large classroom with bamboo flooring and an elephant door. The Science lab is fully outfitted and state of the art. All the electrical and networking are embedded into the floor. In addition, there is storage space and a teacher prep room.

While, the Measure O bond money along with grant money has enabled EBA to have two fully wired computer lab that seat 30 students and can run extensive software programs, one sound studios for recording music, a ceramics studio, and a digital photography class.

Finally, our campus has a relatively new field with an irrigation system and bleachers.

East Bay Arts had it's exterior painted in the summer of 2014.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

School Facility Good Repair Status (Most Recent Year)		
Year and month of the most recent FIT report: 12/2018

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	45.0	50.0	35.0	39.0	48.0	50.0
Mathematics (grades 3-8 and 11)	7.0	13.0	26.0	27.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	46	42	91.30	50.00
Male	16	16	100.00	31.25
Female	30	26	86.67	61.54

Socioeconomically Disadvantaged	33	30	90.91	40.00
English Learners	--	--	--	--
Students with Disabilities	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	46	40	86.96	12.5

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students
Grades Five, Eight, and Ten**

Subject	Percentage of Students Meeting or Exceeding the State Standard					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
Science (grades 5, 8, and 10)	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Career Technical Education Programs (School Year 2017-18)

All East Bay Arts students participate in the Career Technical Education program as part of the theater program. There are courses in dramatic production that include acting, technology support for putting on a production and set design. In addition, the school provides instruction on performing musically and vocally.

Career Technical Education Participation (School Year 2017-18)

Measure	CTE Program Participation
Number of pupils participating in CTE	178
% of pupils completing a CTE program and earning a high school diploma	0%
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	0%

Courses for University of California (UC) and/or California State University (CSU) Admission

UC/CSU Course Measure	Percent
2017–18 Pupils Enrolled in Courses Required for UC/CSU Admission	95.0
2016–17 Graduates Who Completed All Courses Required for UC/CSU Admission	58.8

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2017-18)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
9	23.0	10.8	5.4

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

The goal of East Bay Arts is to involve the parents in the education of their child:

- To work with the school staff and take a proactive role in their child's education.
- To assist the school in developing programs that prepares students for graduation from high school and the world of work and school after high school.
- To work together as stakeholders to provide students with a nurturing environment in which learning can occur.
- To assist students in developing good working habits, including coming to school on time and with the necessary materials to complete work requirements in class.

There are many ways in which parents can be involved:

- Our monthly School Site Council meetings are held the the second Tuesday of the month at 5:30.
- SELAC (Site English Learner Advisory Committee) also meets the second Tuesday of every month.
- Parents can represent the school at district wide committees such as: DELAC (District English Learner Advisory Committee), the District LCAP meetings, the district wide Budget committee, safety committee, and SLC recruitment events in the spring

- -We encourage parents to attend our Orientation night, Back to School night events, Report Card Pick up night events, college advisory nights, parent education nights and our many shows and performances.
- -In addition parents are always welcome to volunteer at our regular Saturday work parties as well as during the school day.

For more information on how to become involved, contact Abigail Kotzin at (510) 317-4411.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2018-19)

Our school safety plan is aligned with the District Safety Plan and includes:

- Different types of emergencies as well as the procedures and protocols involved with those emergencies.
- Chain of Command specific to the site and the District, along with the various job descriptions and duties for each member of the chain of command.
- General safety procedures and school operational strategies for a number of situations and emergencies.
- Forms, such as search and rescue reports.
- Schedule for drills, types of drills, procedures and protocols for drills

The School Safety Plan was most recently reviewed, updated, and discussed with school faculty in August, 2018

The site safety is linked to our site webpage

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2017-18)

These programs and supplemental services are provided at the school either through categorical funds or other sources that support and assist students:

- Title III (for Limited English Proficient students)
- Title III (Emergency Immigrant)
- Title IV (Safe and Drug-Free Schools and Communities)
- Economic Impact Aid/Limited English Proficient (EIA/LEP)
- Teacher Induction Program (TIP)
- School and Library Improvement Program (SLIP)
- LCAP Additional Funding
- Special Education
- Tobacco Use Prevention Education (TUPE)
- National School Lunch Program
- Career Pathways Trust Grant
- Enhancing Education Through Technology

Professional Development (Most Recent Three Years)

During the 2018-2019 school year, EBA staff PD is focusing on refining the implementation of restorative practices, improving student to student academic conversations and creating High Quality Project Based Learning for students.

Site based PD for previous years have included: Cognitive Rigor, CLR strategies, Academic Vocabulary, Academic Discourse, Instructional Rounds (Community Rounds), Calibration of grading & Analysis of Student work-Expressions Artist Statements, Restorative practices and the transition to new office referral system, implementation of COST process, Data dives and Career Pathway development.

In addition to ongoing site-based professional development, all teachers have the opportunity to improve their skills by taking college courses, workshops at the District's training center, and in-services or other workshops offered by the County Office of Education or other organizations. Teachers have opportunities to attend professional conferences supported by site or District funding, that focus on teaching and learning for all students particularly, EL students and students performing below grade level.

Since the integration of technology is important to student success, teachers also have access to technology integration workshops at the District's training center; these workshops are offered monthly and also during the summer. East Bay Arts has 2 teachers participating in Project LEAN IN. This affords teachers a Chromebook Cart, incorporate technology into their instruction and receive coaching on strategies to support appropriate technology use.

The District also provides peer coaching and in-classroom support for teachers in order to provide other meaningful opportunities for staff development. As well as a literacy coach focused on our Academic Discourse focus and increasing academic rigor on campus.

Professional Development for New Teachers: Through participation in the East Bay Beginning Teacher Support and Assessment (BTSA) Induction Program, the District secures support providers to work with our new teachers. Through this BTSA Induction Program, new teachers are also afforded the opportunity to take university level courses at a reduced tuition cost. This program offers training to new teachers for two years, as they sharpen their skills as educators. The induction portion of this program leads them to acquiring their clear credential through the Commission on Teacher Credentialing.
