

EST. MMXVIII

ENGINEERING ACADEMY

JOHN CARROLL CATHOLIC HIGH SCHOOL

The Engineering Academy provides students with a focused program of studies designed to encourage college readiness for a major in Engineering and related fields.

REQUIREMENTS

Students in the Honors Academy must take the following courses:

10th grade: Introduction to Engineering Design and

Introduction to Mechatronics

11th grade: Engineering Principles and Applied Mechatronics

12th grade: Special Topics in Engineering and Capstone

Engineering Project

John Carroll College and Career Academies are available for all rising Sophomores, Juniors, and Seniors. Applications open at the end of the 3rd quarter each year. For more information about the Honors Academy, contact Honors Academy Chair Mrs. Sarah Tarbox (starbox@jcchs.org).
