Join us for an evening of discovery as we share in the fun of Family Game Night. Playing games is a wonderful way to make learning fun! Parents will rediscover the joy of playing board games and children will have fun while boosting their math and readings skills too! Just think of the joyful memories that can be made around the game table.

Please return this form to your child's teacher, the Judy Center at Princess Anne Elementary or call 410-651-1275 to RSVP by March 1, 2019.
