March 13, 2020

Dear CLPS Families,

As we stated in our previous communications, things are rapidly evolving due to the spread of COVID-19 (the coronavirus). This evening Governor Gretchen Whitmer announced that all K-12 school buildings in Michigan are to be closed from Monday, March 16, 2020 through Sunday, April 5, 2020.

Center Line Public Schools will be open Friday, March 13th for a full day of school so students can gather personal belongings and meet with their teachers before this extended, mandated closure. Obviously, we all have many questions regarding how this will work and what will happen next. We won't have the all of the answers immediately, but we will continue to be in touch by email and phone and through updates on our website https://www.clps.org/apps/pages/Coronavirus.

Thank you for your flexibility and understanding as we navigate these unchartered waters together.

Sincerely,

Eve Kaltz
Superintendent
