Dear ACE Families,

Below is a summary of ACE's Online Learning Calendar through May 4th, 2020. Please understand that this calendar is subject to change.

On Monday, March 23rd, ACE will start home instruction for all ACE students. The focus of the first few days is simply health and welfare check-ins by the ACE staff. Teachers will be reaching out to all students during this time. Teachers will begin content instruction on Thursday, March 26th.

Please understand one of the biggest differences between Online Learning and traditional campus-based instruction is the lack of a six period instructional day. From there, ***a students instructional calendar is broken down weekly into 4 lessons per subject class period, across the next 25 days of online instruction (March 23rd - May 1st). Instructional accountability is determined by session work completed by each student per class and the quality of that work determined by the teacher.***
