What do you want in a student schedule?	Why?
shorten class periods by 2-3 minutes	allows people to have more time to do homework OR add a study hall
study hall in the morning	if you're out late at night, you have time to do it in the morning. can ask teachers for help -students get a free time
What do you NOT want in a student schedule?	Why?
to shorten passing periods	we need time to get from class to class, use the restroom, etc.
