

# STANDARDS-BASED GRADING

NAMPA SCHOOL DISTRICT

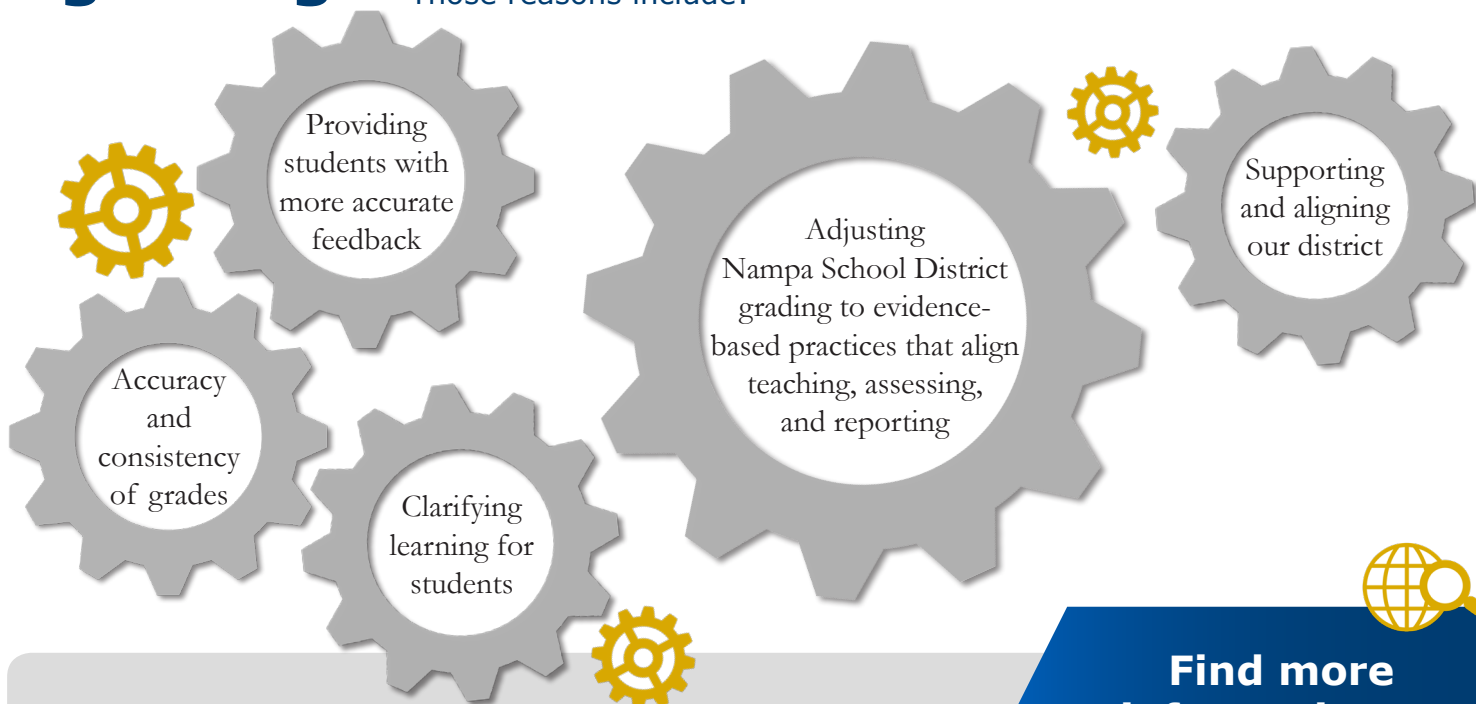

## What is Standards-Based Grading?

Standards-based grading communicates how students are performing on a set of clearly defined learning targets called standards. Standards-based grading identifies what a student knows, or is able to do, in relation to those standards.

## Why are we moving to standards-based grading?

There are several reasons to move toward standards-based grading. Those reasons include:

Find out when your school will move to standards-based grading at [nampa.school/sbg](http://nampa.school/sbg)
