

November 2018

Dear community partners,

For decades, Gonzaga Preparatory School has organized one of the largest holiday food drives in the Inland Northwest. Together with students, parents, faculty, staff, and community members, we collect more than 120,000 pounds of food annually, feeding and sustaining those in our community who are most in need.

This year, Gonzaga Preparatory will support 200 families, two Native American tribes, the Morningstar Baptist church, and the Second Harvest Food Bank. Your contributions to this drive - in food and finance - help to interrupt an otherwise vicious cycle of poverty. By giving of your time, resources, and prayer you help to fill the hearts and bodies of neighbors near and far.

We gratefully accept any food or cash donations and thank you for your contributions.

God bless,

Tyler Hobbs, M. Ed.
