Dear Clara Barton Parents and Guardians,

My name is Mrs. Kelly Gray, and I am extremely excited to teach physical education and health at Clara Barton School. I am married and have four children, (Rokki , Natalie, Robert, and Natale) two grandchildren, (Cillian Emre' and Liv Grayce) and another one on the way. (due Nov, 12th Lochlan) I graduated from TCNJ with a degree in Exercise Science/ Teaching. This will be my thirteenth year teaching at Bordentown Regional School District. I started at the middle school and spent the last eleven years at Peter Muschal Elementary School.

I am looking forward to meeting as well as knowing each student in the school. My goal is to motivate the students through my lessons by teaching the importance of teamwork and cooperation. I will enable students to develop positive attitudes towards healthy habits and physical activity, which they can apply to a healthy lifestyle.

I will encourage the students to have fun and enjoy physical education by providing them with a safe environment. The students will play a variety of cooperative games, learn skills, and lead up games. It is important to me that the experience your student has in physical education class is welcoming and rewarding.

I am looking forward to working with you and your child this school year.

Please do not hesitate to contact me if you have any questions or concerns at 609-298-0676 or email me at kgray@bordentown.k12.nj.us.
