

SPS Academic Advising Program

Sena Norton, Student Advisor, 5 - 8

Here at St. Patrick School we provide a comprehensive advising program to assist ALL students academically, personally and socially. Within our community we accomplish this through the collaborative efforts of faculty, staff, family and community members. Our primary goal is to work alongside and support students as they reach their full potential as effective students, engaged and responsible citizens, and life-long learners!

Are classes difficult?

Are you lost during class?

Is there a BIG test coming up?

Do you have a messy binder, bag, are your computer files a mess?

Need some tips on study habits?

Do other kids seem to “get it” faster?

Is your goal to get better grades than in the past?

Need a quiet place to finish school project, seatwork or a test?

Have test anxiety?

Worried or confused?

Need somewhere safe to talk about school, home, life, friends?

Drop in at Ms. Norton’s office in the Cafe - “The Nook”..

Before/After School - Recess - Lunch -
