

Llano Science Camps

STEM: Science, Technology, Engineering, and Math Mini Camps for Llano-area students

When:

July 15 – 17 - Campers Assemble

Use the engineering design process to become a real-life STEM superhero! Campers will design their own superhero and create a tool to help them save the world. They will also develop and film their own superhero mini-movie using stop-motion technology!

July 22 – 24 - The Ultimate Game

Design your own game controller and use it to play the computer game you will program! Campers will practice graphic design, be introduced to the basics of programming, and learn simple circuitry.

July 29 – 31 Caution: Lab Underway!

Use the power of chemistry and physics to become the mad scientist you've always dreamed of being! Campers will learn how to harness the forces of physics to build water rockets, enlist the help of acids and bases to create secret messages in invisible ink, and experience the best of chemistry through exciting demonstrations.
