

## **STUDENT INSURANCE PROGRAM**

**JLA**

As a service to students and their parents/guardians, the Seaford School District will offer an optional student accident insurance program for 24-hour coverage or for school-time coverage. In addition, as part of the annual budgeting process, the district will consider the purchase of accident insurance coverage for all high school and middle school student athletes.

A student participating in either interscholastic or intramural athletics must be covered by medical insurance. This insurance coverage may be through Blue Cross or other hospitalization insurance subscribed to by the parent/guardian, the optional student accident insurance program purchased by the parent/guardian or, if provided by the district, the district's student athlete insurance program.

ADOPTED: 8/14/62
