

Greetings Wildcat Family,

As you all prepare to purchase supplies and materials for the upcoming school year, please note the following information about our 1:1 Program. This year students will be issued 13" MacBook Air's.

Guidelines:

1. Students must have a padded backpack/sleeve for their devices. They must have these before their laptops will be issued.
2. Students must have a lock for their lockers before their laptops are issued.
3. Laptop insurance fees must be paid before issuance. This fee is typically \$50.00. There is a sliding scale for multiple students.
4. We **strongly encourage** the students to have protective cases for their devices. This add another layer of protection for the devices. We are looking at purchasing a few cases to sell in the bookstore and at registration as the school year begins.
5. Parents must attend a 1:1 Meeting (TBD) and the appropriate paperwork must be completed by parents and students before devices are distributed. More information will follow as we move closer to the school year.
