**NEXT STEPS**

1. Select map of adjustments to forward to Kern County Committee on School District Organization (KCCSDO)
2. Pass resolution requesting that the KCCSDO approve the adjustments to the Trustee Area boundaries of the 2011 KHSD Trustee Area Plan
3. KCCSDO consideration of resolution and approval or disapproval
4. If approved, implementation of adjustments through the Kern County Elections office
Selection of Map of Adjustments

- **Adopted criteria:**
  - Population equality
  - Compliance with section 2 of the federal Voting Rights Act
  - Topography
  - Geography
  - Cohesiveness, contiguity, integrity, and compactness of territory
  - Maintaining the community of interests of the trustee areas, while considering adjustments to enhance those communities of interest
  - Consideration of jurisdictional boundaries (e.g., school attendance areas, city boundaries) that may impact effective governance of the District
  - Consideration of the location of public facilities, such as schools, etc.
  - Use of whole census geography (e.g., census blocks)
  - Avoid head-to-head contests between incumbents
  - To the extent possible, avoid splitting voting precincts
  - Other criteria that may be identified during the process of adjusting the trustee area boundaries and adopted by the Board of Trustees
Selection of Map of Adjustments

Public comment concerning adjustments:

- Current plan has two majority LCVAP trustee areas – trustee area 2 and trustee area 3
- Trustee area 2 is effective at 60+% LCVAP (SWDB)
- Effective trustee area = 60%+ LCVAP
- Unify Oildale
- Unify Lamont
- Unify Arvin, Greenfield, Lamont and Weedpatch together
- Unify Sikh community
- Project area of Building Healthy Communities South Kern (BHC) forms a community of interest
- Trustees live too close together

(Note: Many public comments advocated for a new high school in Lamont; others discussed allocation of District resources, as well as other matters, but did not make specific suggestions about possible adjustments to the 2011 trustee area boundaries. As of May 7, 2018 there have been approximately 42 different public speakers – approx. 31% of which identified as representing DHF, and approx. 26% advocated for a Lamont high school.)
