Purpose

Mars Area School District recognizes that student wellness and proper nutrition are related to students' physical well-being, growth, development, and readiness to learn. The Board is committed to providing a school environment that promotes student wellness, proper nutrition, nutrition education and promotion, and regular physical activity as part of the total learning experience. In a healthy school environment, students will learn about and participate in positive dietary and lifestyle practices that can improve student achievement.

The District will engage students, parents/guardians, teachers, food service professionals, health professionals, and other interested community members in developing, implementing, monitoring and reviewing District-wide nutrition and physical activity practices which impact students, families and staff.

Authority

The Board adopts this policy based on the recommendations of the appointed Wellness Committee and in accordance with Federal and State laws and regulations.[\[1\]\[2\]\[15\]](#)

To ensure the health and well-being of all students, the Board establishes that the District shall provide to students:

1. A comprehensive nutrition program consistent with Federal and State requirements.
2. Access at reasonable cost to foods and beverages that meet established nutritional guidelines.
3. Physical education courses and opportunities for developmentally appropriate physical activity during the school day.
4. Curriculum, programs and activities for grades K-12 that are designed to educate students about proper nutrition and lifelong physical activity, in accordance with State Board of Education curriculum regulations and academic standards.

^{5.}

Delegation of Responsibility

The Superintendent or designee shall be responsible for the implementation and oversight of this policy to ensure each of the District's schools, programs and curriculum is compliant with this policy, related policies and established guidelines or administrative regulations.[\[2\]\[15\]](#)

Each building principal or designee shall annually report to the Superintendent or designee regarding compliance in his/her school.[\[15\]](#)

Staff members responsible for programs related to school wellness shall report to the Superintendent or designee regarding the status of such programs.

The Superintendent or designee shall annually report to the Board on the District's compliance with law and policies related to school wellness. The report may include:

1. Assessment of school environment regarding school wellness issues.
2. Evaluation of food services program.
3. Review of all foods and beverages sold in schools for compliance with established nutrition guidelines.
4. Listing of activities and programs conducted to promote nutrition and physical activity.
5. Recommendations for policy and/or program revisions.
6. Suggestions for improvement in specific areas.
7. Feedback received from District staff, students, parents/guardians, community members and the Wellness Committee.

The Superintendent or designee and the established Wellness Committee shall conduct an assessment at least once every three (3) years on the contents and implementation of this policy as part of a continuous improvement process to strengthen the policy and ensure implementation. This triennial assessment shall be made available to the public in an accessible and easily understood manner and include:[\[2\]](#)[\[15\]](#)

1. The extent to which each District school is in compliance with law and policies related to school wellness.
2. The extent to which this policy compares to model wellness policies.
3. A description of the progress made by the District in attaining the goals of this policy.

At least once every three (3) years, the District shall update or modify this policy as needed, based on the results of the most recent triennial assessment and/or as District and community needs and priorities change; wellness goals are met; new health science, information and technologies emerge; and new federal or state guidance or standards are issued.[\[15\]](#)

The District shall annually inform and update the public, including parents/guardians, students, and others in the community, about the contents, updates and implementation of this policy via the District website, student handbooks, newsletters, posted notices and/or other efficient communication methods. This annual notification shall include information on how to access the School Wellness policy; information about the most recent triennial assessment; information on how to participate in the development, implementation and periodic review and update of the School Wellness policy; and a means of contacting Wellness Committee leadership.[\[2\]](#)[\[15\]](#)

Guidelines

Recordkeeping

The District shall retain records documenting compliance with the requirements of the School Wellness policy, which shall include:[\[15\]](#)[\[16\]](#)

1. The written School Wellness policy.
2. Documentation demonstrating that the District has informed the public, on an annual basis, about the contents of the School Wellness policy and any updates to the policy.
3. Documentation of efforts to review and update the School Wellness policy, including who is involved in the review and methods used by the District to inform the public of their ability to participate in the review.
4. Documentation demonstrating the most recent assessment on the implementation of the School Wellness policy and notification of the assessment results to the public.

Wellness Committee

The District shall establish a Wellness Committee comprised of, but not necessarily limited to, at least one (1) of each of the following: School Board member, District administrator, District food service representative, student, parent/guardian, school health professional, physical education teacher and member of the public. It shall be the goal that committee membership will include representatives from each school building and reflect the diversity of the community.[\[2\]](#)

The Wellness Committee shall serve as an advisory committee regarding student health issues and shall be responsible for developing, implementing and periodically reviewing and updating a School Wellness policy that complies with law to recommend to the Board for adoption.

The Wellness Committee shall review and consider evidence-based strategies and techniques in establishing goals for nutrition education and promotion, physical

activity and other school based activities that promote student wellness as part of the policy development and revision process.[15]

Individuals who conduct student medical and dental examinations shall submit to the Advisory Health Council annual reports and later reports on the remedial work accomplished during the year, as required by law.[17]

An Advisory Health Council shall be substantially composed of District representatives, including a school administrator, a student and a food service professional, and representatives of the medical and dental associations, social organizations, parent/teacher associations, service clubs, physical education, health education, school counseling, school psychological and social services, health and wellness professionals, including a certified school nurse and a licensed dietitian, and other family and community organizations in the area served.[17]

Nutrition Education

Nutrition education will be provided within the sequential, comprehensive health education program in accordance with curriculum regulations and the academic standards for Health, Safety and Physical Education, and Family and Consumer Sciences.[3][4][5]

Nutrition education in the District shall teach, model, encourage and support healthy eating by students. Promoting student health and nutrition enhances readiness for learning and increases student achievement.

Nutrition education shall provide all students with the knowledge and skills needed to lead healthy lives.

Nutrition education lessons and activities shall be age-appropriate.

Nutrition curriculum shall teach behavior-focused skills, which may include menu planning, reading nutrition labels and media awareness.

Nutrition education shall be integrated into other subjects such as math, science, language arts and social sciences to complement but not replace academic standards based on nutrition education.

Lifelong lifestyle balance shall be reinforced by linking nutrition education and physical activity.

The staff responsible for providing nutrition education shall be properly trained and prepared and shall participate in appropriate professional development. The District shall develop standards for such training and professional development.[18]

Nutrition education shall extend beyond the school environment by engaging and involving families and the community.

Nutrition Promotion

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating food environments that encourage healthy nutrition choices and encourage participation in school meal programs.

District staff shall cooperate with agencies and community organizations to provide opportunities for appropriate student projects related to nutrition.

Consistent nutrition messages shall be disseminated and displayed throughout the District, schools, classrooms, cafeterias, homes, community and media.

Consistent nutrition messages shall be demonstrated by avoiding use of unhealthy food items in classroom lesson plans and school staff avoiding eating less healthy food items in front of students.

Physical Activity

District schools shall strive to provide opportunities for developmentally appropriate physical activity during the school day for all students.

District schools shall contribute to the effort to provide students opportunities to accumulate at least sixty (60) minutes of age-appropriate physical activity daily, as recommended by the Centers for Disease Control & Prevention. Opportunities offered at school will augment physical activity outside the school environment, such as outdoor play at home, sports, etc.

Students shall participate daily in a variety of age-appropriate physical activities designed to achieve optimal health, wellness, fitness and performance benefits.

Age-appropriate physical activity opportunities, such as outdoor and indoor recess, before and after school programs, during lunch, clubs, intramurals and interscholastic athletics, shall be provided to meet the needs and interests of all students, in addition to planned physical education. Every effort shall be made to include all students in physical activity. Withholding physical activity/recess shall not be used as a punishment for students who fail to complete classwork or homework.

A physical and social environment that encourages safe and enjoyable activity for all students shall be maintained.

Extended periods of student inactivity, two (2) hours or more, shall be discouraged.

Physical activity breaks shall be provided for students during classroom hours.

Before and/or after-school programs shall provide developmentally appropriate physical activity for participating children.

District schools may partner with parents/guardians and community members and organizations, such as YMCAs, Boys & Girls Clubs, local and state parks, hospitals, etc., to institute programs that support lifelong physical activity.

Physical activity shall not be used or withheld as a form of punishment.

Students and their families shall be encouraged to utilize District-owned physical activity facilities, such as playgrounds and fields, outside school hours in accordance with established District rules.

Physical Education

A sequential physical education program consistent with curriculum regulations and Health, Safety and Physical Education academic standards shall be developed and implemented. All district students must participate in physical education.[4][5][6]

Quality physical education instruction that promotes lifelong physical activity and provides instruction in the skills and knowledge necessary for lifelong participation shall be provided.

Physical education classes shall be the means through which all students learn, practice and are assessed on developmentally appropriate skills and knowledge necessary for lifelong, health-enhancing physical activity.

A comprehensive physical education course of study that focuses on providing students the skills, knowledge and confidence to participate in lifelong, health-enhancing physical activity shall be implemented.

A varied and comprehensive curriculum that promotes both team and individual activities and leads to students becoming and remaining physically active for a lifetime shall be provided in the physical education program.

Adequate amounts of planned instruction shall be provided in order for students to achieve the proficient level for the Health, Safety and Physical Education academic standards.

A local assessment system shall be implemented to track student progress on the Health, Safety and Physical Education academic standards.

Students shall be moderately to vigorously active as much time as possible during a physical education class. Documented medical conditions and disabilities shall be accommodated during class.

Safe and adequate equipment, facilities and resources shall be provided for physical education courses.

Appropriate professional development shall be provided for physical education staff.

Physical activity shall not be used or withheld solely as a form of punishment.

Other School-Day/Curriculum-Based Activities

Drinking water shall be available and accessible to students, without restriction and at no cost to the student, at all meal periods and throughout the school day.[\[7\]](#)[\[8\]](#)

Nutrition professionals who meet hiring criteria established by the District and in compliance with federal regulations shall administer the school meals program. Professional development and continuing education shall be provided for District nutrition staff, as required by federal regulations.[\[9\]](#)[\[10\]](#)[\[18\]](#)[\[19\]](#)

District schools shall provide adequate space, as defined by the District, for eating and serving school meals.

Students shall be provided a clean and safe meal environment.

Students shall be provided adequate time to eat: ten (10) minutes sit down time for breakfast; twenty (20) minutes sit down time for lunch.

Meal periods shall be scheduled at appropriate hours, as required by federal regulations and as defined by the District.[\[7\]](#)

Students shall have access to hand washing or sanitizing before meals and snacks.

Access to the food service operation shall be limited to authorized staff.

Nutrition content of school meals shall be available to students and parents/guardians.

Students and parents/guardians may be involved in menu selections through various means, such as taste testing and surveys.

To the extent possible, the District shall utilize available funding and outside programs to enhance student wellness.

The District shall provide appropriate training to all staff on the components of the School Wellness policy.

Goals of the School Wellness policy shall be considered in planning all school-based activities.

Fund-raising projects submitted for approval shall be supportive of healthy eating and student wellness.

Administrators, teachers, food service personnel, students, parents/guardians and community members shall be encouraged to serve as positive role models through District programs, communications and outreach efforts.

The District shall support the efforts of parents/guardians to provide a healthy diet and daily physical activity for children by communicating relevant information through various methods.

The District shall maintain a healthy school environment, including but not limited to indoor air quality, in accordance with the District's healthy learning environment program and applicable laws and regulations.

Nutrition Guidelines for All Foods/Beverages at School

All foods and beverages available in District schools during the school day shall be offered to students with consideration for promoting student health and reducing obesity.

Foods and beverages provided through the National School Lunch or School Breakfast Programs shall comply with established federal nutrition standards.[\[7\]](#)[\[8\]](#)[\[9\]](#)[\[10\]](#)

Foods and beverages offered or sold at school-sponsored events outside the school day, such as athletic events and dances, may offer healthy alternatives in addition to more traditional fare.

Competitive Foods

Competitive foods available for sale shall meet or exceed the established federal nutrition standards (USDA Smart Snacks in School). These standards shall apply in all locations and through all services where foods and beverages are sold to students, which may include, but are not limited to: a la carte options in cafeterias, vending machines, school stores, snack carts and fundraisers.[\[11\]](#)[\[15\]](#)[\[20\]](#)

Competitive foods are defined as foods and beverages offered or sold to students on school campus during the school day, which are not part of the reimbursable school breakfast or lunch.

For purposes of this policy, **school campus** means any area of property under the jurisdiction of the school that students may access during the school day.[\[11\]](#)[\[15\]](#)

For purposes of this policy, **school day** means the period from midnight before school begins until thirty (30) minutes after the end of the official school day.[\[11\]](#)[\[15\]](#)

The District may impose additional restrictions on competitive foods, provided that the restrictions are not inconsistent with federal requirements.[\[11\]](#)

Fundraiser Exemptions

Fund-raising activities held during the school day involving the sale of competitive foods shall be limited to foods that meet the Smart Snacks in School nutrition standards, unless an exemption is approved in accordance with applicable Board policy and administrative regulations.[\[21\]](#)

The District may allow a limited number of exempt fundraisers as permitted by the Pennsylvania Department of Education each school year: up to five (5) exempt fundraisers in elementary and middle school buildings, and up to ten (10) exempt fundraisers in high school buildings. **Exempt Fundraisers** are fundraisers in which competitive foods are available for sale to students that do not meet the Smart Snacks in School nutrition standards.[\[11\]](#)

The District shall establish administrative regulations to implement fundraising activities in District schools, including procedures for requesting a fundraiser exemption.

Non-Sold Competitive Foods

Non-sold competitive foods available to students, which may include but are not limited to foods and beverages offered at classroom cultural/curriculum related activities, or as shared classroom snacks, shall meet or exceed the standards established by the District.

If the offered competitive foods do not meet or exceed the Smart Snacks in School nutrition standards, the following standards shall apply:

1. Rewards and Incentives:
 - a. Foods and beverages shall not be used as a reward for classroom or school activities unless the reward is an activity that promotes a positive nutrition message (e.g., guest chef, field trip to a farm or farmer's market, etc.).
2. School/Classroom Celebrations:

To ensure the health and well-being of all students, the Board

establishes the following guidelines regarding school and/or classroom celebrations:

- a. **Birthday Celebrations and Holiday Parties** - No food of any type is permitted at classroom celebrations. The District and/or school may provide parents/guardians with a list of non-food alternatives for celebrations and holiday parties.
- b. **Cultural Days and Curriculum-Related Celebrations involving Food** - Classroom teachers may offer food items to demonstrate or support a curricular topic(s) or cultural celebration(s) that is/are appropriate to the content of the course or unit of study.

Any student with food allergies may arrange to bring in his/her own food on such a day to avoid the potential of an allergic reaction. Food brought in by a student for this purpose may not be shared with other students.

The District shall provide a list of suggested non-food ideas and healthy food and beverage alternatives to parents/guardians and staff, which may be posted via the District website, student handbooks, newsletters, posted notices and/or other efficient communication methods.

Marketing/Contracting

Any foods and beverages marketed or promoted to students on the school campus during the school day shall meet or exceed the established federal nutrition standards (USDA Smart Snacks in School) and comply with established Board policy and administrative regulations.[\[11\]](#)[\[15\]](#)

Exclusive competitive food and/or beverage contracts shall be approved by the Board, in accordance with provisions of law. Existing contracts shall be reviewed and modified to the extent feasible to ensure compliance with established federal nutrition standards, including applicable marketing restrictions.[\[13\]](#)

Management of Food Allergies in District Schools

The District has established Board Policy 209.1 Food Allergy Management, which sets administrative procedures and regulations to address food allergy management in District schools in order to:[\[14\]](#)

1. Reduce and/or eliminate the likelihood of severe or potentially life-threatening allergic reactions.

2. Ensure a rapid and effective response in case of a severe or potentially life-threatening allergic reaction.
3. Protect the rights of students by providing them, through necessary accommodations when required, the opportunity to participate fully in all school programs and activities.

^{4.}
Safe Routes to School

The District shall cooperate with local municipalities, public safety agency, police departments and community organizations to develop and maintain safe routes to school.

District administrators shall seek and utilize available federal and state funding for safe routes to school, when appropriate.
