

Parents of Confluence Academies-

Welcome to the 2018-2019 school year!

To better assist us in ensuring your student is on the correct bus, we have placed signs in the front window, passenger side and first seat window by the bus entry door to identify routes for Confluence Academies. Many schools in the St. Louis City area use the same transportation provider, and it can be confusing at times to know if you have the correct bus for your student. We hope that you find this helpful. An example of the signage is pictured below. If you don't see your student's campus listed or the Confluence Academies logo, it most likely is not the correct bus. Should you have any questions about your child's bus information please contact your child's school.

Thank you for allowing us to serve you and your student.
