

Hello NHS students and families,

We have worked hard to integrate the IB Diploma Program (DP) and its courses into the academic culture of Northville High School. As we see further growth in students interested in the full Diploma Program and in individual IB DP course registrations, we have continued this simpler application for interested full DP students as well as an easier process for all students interested in IB DP courses (as course students). This year (for the graduating class of 2021) we will have students complete the following application during the counseling registration period. This document and all its respective pieces will be due to Dr. J. Davis or your counselor by **February 28, 2019**.

All students interested in *single course IB DP offerings* should follow the regular academic registration processes, similar to AP and all other NHS course enrollments. Simply turn in Part 3 to Dr. Davis or your counselor by the end of the registration period.

Students interested in *full IB Diploma Program admission* at Northville High School will need to complete all of the following and submit to Dr. Davis, NHS IB DP Coordinator, or your respective counselors:

- **Essay (choose one of the two topics)**
- **Completed section regarding standardized test scores (for information and potential course placement purposes; also helpful for eligibility for additional enrichment programs)**
- **Teacher recommendation form (only one academic teacher needed)**
- **Copy of transcript with list of current courses and marks**

The NHS IB DP application committee, which consists of teaching, counseling, and administrative staff members, will review these forms and will contact students if we have any concerns regarding learning profile alignments for students interested in the full IB Diploma Program. While the overall goal is open admissions and flexibilities of course choices, students whose learning styles and histories may not seem to match the inquiry-based autonomy essential to succeed in this program may be counseled to more traditional pathways (which still may include some DP courses).

In overview, the full DP program distinguishes itself by having students enroll in six DP courses over a two-year period, three of which are at a Higher Level (HL). HL courses run over two-years and consequently allow for an extended period of inquiry and study. Some of the Standard Level (SL) courses run for two years as well, and some are one-year commitments. Please check the NHS course descriptions for the most recent updates and requirements. Students interested in the full Diploma Program enroll in six subject areas (Group 6 is the Arts), or they can “double-up” in Groups 1-4. Please see the [2021 scheduling worksheet](#) for more details and assistance with such planning.

In addition to the six IB DP courses over the two years, each student will enroll in a Theory of Knowledge course that meets for thirty minutes during one seminar once per week (30 minutes from 7:30-8:00 or 8:00-8:30), as currently scheduled, will complete 150 Creativity, Activity, and Service hours and respective learning outcomes/reflections, and will compose an Extended Essay on a topic of their choice. It is these elements, the IB DP core, and the interdisciplinary nature of the six courses that make this a *program*, and these components are the reasons why many colleges and universities look to IB DP as a highly rigorous, firmly established, clearly monitored, and well-known college preparation pathway.

Best,
Dr. James T. Davis II, Northville High School IB DP Coordinator

This packet includes the following:

IB DP Application, 2021 Cohort

1. IB DP essay prompt for *full DP applicants* (choose one of the two prompts)
2. Teacher Recommendation form for *full DP applicants* to share with an academic teacher who knows him or her well
3. The Student Planning Sheet and IB DP Agreements for Parents and Students (*will be completed by all students all Course and Diploma students*)

Part 1: IB DP Student Application Prompts

Note: Parts 1 and 2 are mandatory for full Diploma Program Candidates only

Directions: Choose *one* of the following two prompts. Here is your chance to have fun, to take risks, to reveal who you are as a learner interested in IB. Please feel free to investigate on your own, looking at various websites, videos on the IB website, and/or speaking to IB students here at NHS or elsewhere to learn more about the program.

Global Citizen and Learner Profile prompt = Option A:

With the advent of new technology, multinational commerce, and/or ongoing diplomatic efforts around the world, many pundits (i.e., scholars and public speakers) argue how it has become increasingly evident that we all share common human goals and/or global experiences. In your response, which recognizes at least one personally relevant IB Learner Profile integrated into your essay, describe how your present and future roles as a global citizen will be part of this “we” in the modern and/or digital world.

(1000-1200 words)

Growth Mindset and Approaches to Learning prompt = Option B:

Please describe a recent educational experience in which your response to the rigor and/or academic expectations of a specific course or a specific summer program helped you understand and value your own growth as a learner (i.e., growth mindset) and/or extended your perspectives on the topic explored. Offer an integrated connection to at least one personally relevant IB Approaches to Learning (ATL) category in this response.

Section A: The Diploma Program and its related courses offer exciting opportunities, and like most things in life, this opportunity comes with a level of commitment, initially to understanding the aspects of the program and secondarily to fulfilling the obligations for the IB Diploma, if applicable, and/or its respective courses. Please complete the following chart by filling in the course name from our course offerings and the corresponding group (see attached course descriptions and/or NHS website for further reference) in which you have enrolled (i.e., courses registered).

Note: Students enrolled in as course students only need to write in the individual IB DP course(s).

<p>HL Course _____</p> <p>Group: _____</p> <p>Course(s) currently enrolled _____</p>	<p>HL Course _____</p> <p>Group: _____</p> <p>Course(s) currently enrolled _____</p>	<p>HL Course _____</p> <p>Group: _____</p> <p>Course(s) currently enrolled _____</p>

Reminder: the full IB Diploma Program asks for each student to enroll in an expected number of IB HL and SL courses (3 HL + 3 SL or, if approved by the coordinator, 4 HL + 2 SL). An IB DP student can take two courses from groups 1, 2, 3, and 4, but all students must take an HL or SL course in groups 1-5.

Section B: Please list special requests or stipulations that might impact your overall selection of subjects (i.e., band, chorus, AP Physics, etc.).
