

Interested in advancing your music skills? Enroll in

AP MUSIC THEORY

By teaching

- chord structures,
- cadences,
- composition process,
- rhythms and meters,
- modulation,
- scales,
- keys

and other fundamental and advanced musical concepts, those taking this class will prepare you to:

1

Harmonically and melodically analyze many musical pieces on paper and by ear, and practice composing your own,

2

Understand how to relate musical concepts to your instrument,

3

And ultimately pass the AP exam in the spring!

Prereqs:

- In grades 10-12
- Be enrolled in a CHS performing ensemble (i.e. choir, band, orchestra)
- Be able to read music in both clefs
- Have a basic understanding of scales and chords
