Advisory Teacher:		Counselor:	

The Central Valley School District High School and Beyond Plan includes Career Cruising and career reflection assignments each year of high school as well as supplemental related activities.

Over the course of their high school career, students are required to select a **minimum of three** choice activities that relate to their post-secondary plans. These can be completed any time during high school. Students must document and verify their activities by completing a HSBP Choice Activities Form for each activity.

### 1. For which activity are you completing this form?

### 2. Document your activity with your Advisory teacher.

This can be done through a conference with the Advisory teacher, a short informal talk to your Advisory class, a written explanation (below) of what you did, or another method that you and your Advisory teacher agree upon.

Whatever sharing method you choose, be sure to describe what you did and explain how it was a relevant experience that will guide your plans for after high school. Remember to provide a connection to the potential career(s) you plan to pursue.
